WASHINGTON STATE FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM

I. INTRODUCTION

When a fire or fire complex threatens to cause such destruction that it would constitute a major disaster, federal assistance may be authorized to any state for the mitigation, management, and control of the fire or fire complex that is burning uncontrolled on publicly or privately owned forests or grasslands.

The Fire Management Assistance Grant Program (FMAGP) was established under the Disaster Mitigation Act of 2000, Section 420 of the Stafford Act, 42, U.S.C. 5187. This program was implemented on October 30, 2001.

The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, authorizes federal financial assistance to help states with the mitigation, management, and control of fires on publicly or privately owned forests or grasslands that could develop into a major disaster. A request by the Governor's Authorized Representative (GAR) for a Fire Management Assistance Declaration facilitates this assistance.

When evaluating the request for a federal declaration, FEMA considers the threat on lives and improved property, including critical facilities/infrastructure and critical watersheds. FEMA also considers the availability of firefighting resources, the fire danger conditions, and any potential major economic impact. This criteria assists in the determination of whether the fire or fire complex threatens such destruction as would constitute a major disaster.

Upon approval by the Department of Homeland Security's Federal Emergency Management Agency (FEMA), the Fire Management Assistance Declaration provides for the FMAGP to reimburse state and local governmental agencies for suppression and emergency protective measures. The amount of financial assistance available depends upon the state meeting or exceeding the fire cost threshold through eligible expenditures for an individual fire, or eligible expenditures on a cumulative basis for the calendar year. The individual fire cost threshold set for the State of Washington for the year 2014 is \$467,356.00.¹ The cumulative fire cost threshold set for the State of Washington for the year 2014 is \$1,402,067.00.²

The Governor's Authorized Representative (GAR), or alternate, is responsible for program administration. For calendar year 2014, the Emergency Management Division (EMD), Washington Military Department, administers the program as the Grantee.

¹ The individual fire cost threshold for the State is the greater of \$100,000 or 5% x \$1.07 x the state population, adjusted annually for inflation using the Consumer Price Index for All Urban Consumers published by the Department of Labor.

² The cumulative fire cost threshold is the greater of \$500,000 or three times the 5% x \$1.07 x the state population.

II. ELIGIBILITY

A. Eligible Applicants

Each state must have a formally approved State Mitigation Plan (SMP) to be eligible for FEMA assistance. Washington State has an approved enhanced SMP. State agencies, local governments, and tribal governments are eligible applicants to receive financial assistance under a Fire Management Assistance Declaration. The Incident Commander must request the applicant's resources. Privately owned entities and volunteer firefighting organizations are not eligible applicants, but may be reimbursed through a contract or compact with an eligible applicant for eligible costs associated with the declared fire or fire complex.

B. Cost Principles

The Cost Principles are outlined in 44 CFR §13.22, Allowable Costs; and the associated 2 CFR Part 225, Cost Principles for State and Local Governments.

C. Incident Period

The incident period for a declared fire is usually not determined until the fire is controlled. The FEMA Regional Administrator, in consultation with the Governor's Authorized Representative (GAR) and the Principal Advisor³ will determine the start and end dates of the incident period. The incident period is considered closed when the fire is controlled. The end of a shift or a workday normally marks the closing of the incident period.

Generally, wildland firefighting costs must be incurred during the incident period of a declared fire to be considered eligible under FMAGP. Several exceptions to this rule exist for costs related to pre-positioning, mobilizing and demobilizing, and temporary work.

D. Eligible Costs

All eligible work and related costs must be associated with the federally approved incident period of a declared fire. The work performed must be the legal responsibility of the applicant, required as a result of the declared fire, and located within the designated area (except for pre-positioning costs).

Eligible costs include those for the following items:

1. ***Equipment and Supplies*** (Category H if firefighting – Category B if emergency work)

³ The Principal Advisor is appointed by the U.S. Forest Service or the Bureau of Land Management. This person is responsible for providing FEMA with a technical assessment of a fire or fire complex and is a designated FEMA representative.

- a) Personal comfort and safety items normally provided by the state under field conditions for firefighter health and safety.
- b) Firefighting supplies, tools, and materials expended or lost to the extent not covered by reasonable insurance will be replaced with comparable items.
- c) Operation and maintenance costs of publicly owned, contracted, rented, or volunteer firefighting department equipment used in eligible firefighting activities to the extent any of these costs are not included in applicable equipment rates.
- d) Reimbursement for use of U.S. government-owned equipment based on reasonable costs as billed by the federal agency and paid by the state. (Only direct costs for use of Federal Excess Personal Property (FEPP) vehicles and equipment on loan to State Forestry and local cooperators may be eligible.)
- e) Repair of applicant-owned equipment damaged in firefighting activities to the extent not covered by reasonable insurance. Eligible cost of repairs will be based on the lowest applicable equipment rates or other rates as determined by FEMA.
- f) Replacement of applicant-owned equipment lost or destroyed in firefighting activities to the extent not covered by reasonable insurance. Replacement will be with comparable equipment.
- g) Purchase of supplies and equipment that are necessary to respond to the declared fire may be eligible. However, the grantee or sub grantee may be required to compensate FEMA for the fair market value of the cost of the equipment and supplies when the items are no longer needed for the declared fire.
- h) Equipment and supplies required for emergency work activities (Category B). Activities include, but are not limited to, police barricading, traffic controls, and emergency operations center costs.

2. **Labor** (Categories B and H)

- a) Overtime for force account permanent or reassigned state, Indian Tribal, or local government employees, including firefighters, police, logistical support, and other personnel involved in eligible fire suppression-related activities.
- b) Regular time and overtime for temporary and contract employees hired to perform eligible fire suppression-related activities. (Category H)
- c) Seasonally employed personnel, when covered under existing budgets and used for fire suppression activities during the season of employment, are considered permanently employed for the purpose of cost eligibility. This means only their overtime salary and benefits would be eligible.

d) Increased portion of overtime costs for regular full-time employees backfilling (one level) for other regular full-time employees within the same entity who are performing eligible fire suppression-related work.

e) Permanent employees who are funded from an external source (e.g. by a grant from a Federal agency, statutorily dedicated funds, or rate-payers) to work on specific tasks not related to a declared fire may be paid for regular-time and overtime for fire suppression-related work.

3. ***Travel and Per Diem*** (Categories B and H)

a) Travel and per diem for all state, Indian Tribal, and local government employees who are providing services directly associated with eligible fire-related activities may be eligible. This may include employees and firefighters.

b) Provision of field camps and meals when made available in lieu of per diem.

4. ***Pre-positioning Costs*** (Category H)

a) Pre-positioning federal, out-of-state, and international resources for up to 21 days prior to a fire declaration, when approved by FEMA. Only the pre-positioning costs for the resources actually used on the declared fire are eligible for funding. Standby equipment, or equipment that remained at the staging area, are not eligible for funding.

b) Pre-positioning costs must be approved by FEMA. Requests for pre-positioning costs must be submitted to FEMA within seven days of approval of a fire management assistance declaration.

c) In accordance with DAP 9523.6 Mutual Aid Agreements for Public Assistance and Fire Management Assistance, parties are encouraged to have a written mutual aid agreement in place prior to a declared fire that addresses pre-positioning costs⁴.

5. ***Emergency Work / Emergency Protective Measures*** (Category B)

FEMA may authorize emergency work under Section 403 of the Stafford Act, Essential Assistance, under an approved fire management assistance grant when directly related to the mitigation, management, and control of the declared fire. This funding is for work associated with essential assistance that protects immediate threats to life and property. Eligible essential assistance activities may include, but are not limited to, police barricading and traffic control, extraordinary emergency operations center expenses, evacuations and sheltering, search and rescue, arson investigation teams operating during the declared fire incident period when there is a

⁴ Mutual Aid Agreements for Public Assistance and Fire Management Assistance; FEMA Disaster Assistance Policy 9523.6; August 13, 2007

clear continuing threat, public information, and the limited removal of trees that threaten the general public.

Costs to support an arson investigation team operating during the declared fire incident period when there is a clear continuing threat may be eligible. These include goods and services such as supplies, photocopying, mail costs, utility and phone costs that can be directly tied to the arson investigation team; travel and per diem.

6. ***Temporary repair of damage caused by firefighting activities*** (Category B)

Temporary repair of damage caused by eligible firefighting activities involves short-term actions to repair damage directly caused by the firefighting effort or activities. This includes minimal repairs to bulldozer lines, camps, and staging areas to address safety concerns, as well as minimal repairs to facilities damaged by the firefighting activities such as fences, buildings, bridges, roads, etc. All temporary repair work must be completed within 30 days of the close of the incident period for the declared fire. Temporary repairs does not include repair of damages caused by the declared fire.

7. **Mobilization and Demobilization**

Costs for mobilizing and demobilizing resources to and from a declared fire may be eligible for reimbursement under FMAGP. Reasonable mobilization and demobilization costs directly related to the declared fire as approved by FEMA (Category H). Demobilization costs may claimed at a delayed date after submittal of other eligible costs if deployment one or more declared fires.

8. Reasonable costs for the mitigation, management, and control of declared fires burning on co-mingled federal/state lands, where the state has the responsibility for suppression activities under an agreement to perform such action on a non-reimbursable basis, and when such costs are not reimbursable by another federal agency.

9. ***Administrative Costs*** (Category Z)

The sub-grantee may claim direct administrative costs for extraordinary costs associated with requesting, obtaining, and administering a sub-grant for a declared fire. Direct costs include regular and overtime pay and travel expenses for permanent, reassigned, temporary, and contract employees who assist in the administration of the fire management assistance sub-grant.

Funding for other direct costs incurred by the sub-grantee administering a sub-grant, such as equipment and supply purchases, may be eligible but must be reviewed by the Grantee and FEMA Regional Administrator.

Sub-grantees may not claim indirect administrative costs.

E. Donated Resources

FEMA has determined that Donated Resources may be credited to offset the non-federal share of the eligible emergency work approved in PWs. Under FEMA Policy 9525.2 Donated Resources, FEMA will credit an applicant for volunteer labor, donated equipment, and donated materials used in the performance of eligible emergency work (Category B) and fire fighting activities (Category H). The Donated Resources are submitted by project worksheets (PW) and must be supported by documentation (e.g., sign in-out sheet, call log, statement from provider). Donated labor must be documented by the volunteers signing in and out and the work activities involved identified.

The federal share of the Donated Resources will be applied to the full 25 percent non-federal share. If the federal share of the Donated Resources exceeds the non-federal share of all of the eligible emergency work project worksheets, the excess will have no value. The excess cannot be transferred to another eligible applicant.

F. Mutual Aid

FEMA Policy Number 9523.6 became effective for fire management declarations made on or after October 27, 2012. The Mutual Aid policy applies to emergency work authorized under Section 420 Fire Management Assistance of the Robert T. Stafford Relief and Emergency Assistance Act, 42. U.S.C. §§ 5121-5206 (the Stafford Act).

To be eligible for reimbursement by FEMA, the mutual aid assistance must have been requested by a Requesting Entity or Incident Commander (IC), must be directly related to the declared fire, must have been used in the performance of eligible work, and the costs must be reasonable. FEMA will not reimburse costs incurred for self-deployment, unless the resources are subsequently used for eligible work at the request of the Requesting Entity or IC. The policy applies to all forms of mutual aid assistance.

When a pre-event written agreement exists between a Requesting Entity and a Providing Entity, the Providing Entity may be reimbursed through the Requesting Entity. Verbal agreements must be followed up with a written agreement. FEMA encourages parties to address the subject of reimbursement in their mutual aid agreements. FEMA will honor the reimbursement provisions in a pre-event agreement to the extent they meet the requirements. If a pre-event agreement includes an initial period of unpaid assistance, FEMA will reimburse eligible costs after the initial unpaid period and when all other criteria are met.

When a pre-event agreement specifies that no reimbursement will be provided for mutual aid assistance, FEMA will not pay for the costs of assistance. When the parties do not have a pre-event written mutual aid agreement, or where a written pre-event agreement is silent on reimbursement, the Requesting and Providing Entities may verbally agree on the type and extent of mutual aid resources to be provided in the current event, and on the terms, conditions, and costs of such assistance.

These verbal agreements must be documented in writing and executed by an official of each entity with authority to request and provide assistance, and provided to FEMA as a condition of receiving reimbursement. The agreement should be consistent with past practices for mutual-aid between the parties. A written post-event agreement should be submitted within 30 days of the Requesting Entity's Applicant's Briefing.

A request for reimbursement of mutual aid costs must include a copy of the mutual aid agreement, regardless of when the agreement was signed between the requesting and providing entities. A request for reimbursement of mutual aid costs must include a written and signed certification by the requesting entity certifying the following:

- The types and extent of mutual aid assistance requested and received in performing eligible emergency work; and
- The labor and equipment rates used to determine the mutual aid cost reimbursement request.
- Tracking of EMAC and U.S. Forest Service Incident Cost Accounting and Reporting System resources is not an eligible cost as mutual aid work.
- Please refer to the Mutual Aid policy available in Appendix H for additional information and specific requirements and limitations.

G. Incident Cost Accounting and Reporting System (ICARS)

ICARS is a cost-apportionment process the U.S. Forest Service uses to determine a fire's costs. **FEMA does not provide reimbursement based on the ICARS unless stipulated in a pre-existing contract for all fires, declared and non-declared, for a specific period of time.** In those instances, ICARS becomes a cost the state is incurring, even if it is not representative of actual costs incurred. However, even in those instances, FEMA must review the costs for reasonableness and may determine to reduce or withhold reimbursement if such costs are determined to be unreasonable.

If an applicant requests reimbursement for costs incurred through ICARS, detailed documentation to support the cost-share between the applicant and the U.S. Forest Service must be provided.

H. Ineligible Costs

Costs not directly associated with the incident period are ineligible. Ineligible costs include, but are not limited to, the following:

1. Costs incurred in the mitigation, management, and control of undeclared fires.
2. Costs related to planning, pre-suppression activities (i.e., cutting fire-breaks without the presence of an imminent threat, training, road widening), and recovery (i.e., land

rehabilitation activities, such as seeding, planting, and erosion control, salvage of timber or other materials, and restoration of facilities damaged by fire). Tree replacement is an ineligible cost.

3. Costs for the straight or regular time salaries and benefits of an applicant's permanently employed or reassigned personnel.
4. Time and costs expended by volunteer labor, which by nature is offered on a donated basis and is not bound by contract or employment terms.
5. Costs for mitigation, management, and control of a declared fire on co-mingled federal land, when such costs are reimbursable to the state by a federal agency under another statute (see 44 CFR Part 51).
6. Planning actions such as risk assessments or pre-planned non-field training.
7. Costs incurred fighting fires on federal land.
8. Costs not supported by documentation.
9. Costs for standby equipment. FEMA will only reimburse costs for equipment when in use.
10. Costs for permanent repairs.

III. FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM PROCEDURES

The following procedures describe the application and approval process for a grant under the Fire Management Assistance Grant Program:

A. Request for Fire Management Assistance Sub-grant (RFMA) (Form 089-0-24)

Submitting an RFMA form is the first step an applicant takes to indicate an intention to apply for federal assistance under a fire management assistance declaration. The representative of the affected entity (state, local, or tribal government) fills out this form, but this does not commit the entity to any financial obligation. The purpose of this form is to identify interested applicants and their points of contact, including addresses and telephone numbers. (The RFMA form is available in Appendix C-23.)

1. State, local, and tribal governments must submit an RFMA to the EMD not later than **30** days after close of the incident period.
2. The EMD will review the request and forward it to FEMA for approval.
3. FEMA will approve or deny the request based on the eligibility requirements outlined in the previous section.
4. The EMD will inform the applicant of FEMA's decision to approve or deny the request.
5. RFMA's submitted within a reasonable timeframe after the application deadline will be considered and may be forwarded to FEMA.

B. Designation of Applicant's Agent

The affected entity appoints an official representative to be the point of contact. This individual must be authorized to make decisions on behalf of the entity. (The *Designation of Applicant's Agent Resolution* form and instructions are available in Appendix C-7.)

1. All correspondence will be sent to the applicant's agent. All invoice vouchers for payment of funds to the applicant must be signed by the applicant's agent.
2. The designation of an applicant's agent must be made by resolution or by letter. The resolution must have the signatures of the majority of the voting members of the governing body. Their titles may be typed. The signed resolution may be photocopied; but the **certification** needs to have the **original signature** of the clerk of the governing body.

3. In lieu of this form, a letter from the chief executive officer or highest elected official of the jurisdiction (i.e., mayor, city manager, fire chief, etc.) may be used; but one may not appoint oneself as the applicant's agent.
4. It is highly recommended that the applicant also appoint an Alternate Applicant Agent who is authorized to act on behalf of the applicant should the primary Applicant's Agent be unavailable.

C. State Fire Management Assistance Grant Application

The applicant must complete a one-page formal application document. This document is the application for funding with the state. (The *State Fire Management Assistance Grant Application* form is available in Appendix C-25.)

1. The original form must be submitted to the state EMD within **four** months of the incident period. A photocopy of the signed application will not be accepted.
2. A copy of this signed document is sent to the applicant after it has been signed by the Governor's Authorized Representative (GAR) or alternate.

D. Agreement

Each approved applicant (state, local or tribal government) must enter into an agreement with the Emergency Management Division of the Washington State Military Department (EMD). The agreement describes the roles, responsibilities, conditions, and assurances that must be met to receive federal funds. The EMD Public Assistance Officer (PAO) is the primary contact for all transactions with and on behalf of the applicant. The PAO is also known as the Deputy State Coordinating Officer – Public Assistance (DSCO-PA).

E. Other Required Documents

Other documentation that may be required to finalize the agreement is the IRS form W-9, Electronic Funds Transfer (EFT) form, Signature Authorization Form and a Certification of Debarred Status. These documents will be provided to the Sub-grantee by the State.

F. Claimed Costs

After FEMA has accepted the RFMA for an applicant, EMD will notify the applicant that their initial application has been accepted. The notification letter will identify the incident period for eligible costs. An estimate of costs incurred by the applicant for each category of work should be provided to EMD within four months of the end of the incident period for the declared fire.

The Code of Federal Regulations (CFRs) requires applicants to submit their project worksheets (PWs) to the grantee (EMD) within **six** months of the end of the incident

period (44 CFR 204.52(c.2)). EMD will submit requests for extensions of this period to the FEMA Regional Administrator on behalf of the applicants as needed.

In Washington State applicants do not write their PWs. Representatives from FEMA and EMD write the PWs. Upon receipt of the cost estimates from the applicant, EMD will contact the applicant agent to arrange a FEMA/State team site visit. The team will review all of the financial records and documentation that support the applicants claimed costs.

G. Documentation Review

All supporting documentation for claimed costs must be reviewed for eligibility. If you are requesting reimbursement for a cost, the review team will review the documentation to support that cost. FEMA has template summary report forms available for your use. These forms list the costs for force account and contracted costs and are provided in Appendix C of this manual.

The FEMA forms are not required, but if you use your agency's financial reports or spreadsheets, they must provide the same information as the FEMA form. Your EMD Public Assistance Coordinator (PAC) can provide you with electronic copies of the FEMA forms. The PAC is available to help you. Please do not hesitate to contact the PAC if you have any questions or need assistance.

The documentation listed below will be reviewed if you are claiming the associated cost. This is not an all-inclusive listing and other documentation may be requested. It is not necessary that you are present during the review process, but we do request that someone be available to answer questions or provide additional documentation.

- ✓ A spreadsheet that summarizes all of your costs. The totals on this spreadsheet should match the Final Costs Claimed form and the totals of any reports, invoices, vouchers, equipment and material costs, mileage and per diem, contracted labor, and force account labor costs. Please submit this report with your Final Costs Claimed form.
- ✓ A spreadsheet or report that lists your force account labor or temporary/seasonal hires complete with the name, job title, dates worked, hours worked on each day, regular rate of pay, overtime rate of pay, and the benefit rates for each employee. Your form or FEMA's form can be used. Please provide this report with your Final Costs Claimed form.
- ✓ If you are requesting reimbursement for fringe benefits, a breakdown of the benefits for each employee is required. This applies to regular time benefits and overtime benefits. A FEMA form is available for your use.
- ✓ A random sampling of timesheets for permanent and temporary personnel will be requested based upon the spreadsheet or report that lists these personnel. We will

notify you of this request prior to our visit so the timesheets can be available during this review.

- ✓ If you are requesting reimbursement for Category Z (grants management), regular time and overtime salaries are eligible. These are your costs to request and manage the grant. These costs are not associated with emergency protective measures or firefighting activities. Spreadsheets and a random sampling of timesheets are required to support the costs, as well as position descriptions for your staff performing these functions. Your payroll coding should designate a specific code for fire grants management and the timesheet should show this coding. If you are able to track goods and services (copying, postage), these costs may be eligible for reimbursement. Please include them on your spreadsheet.
- ✓ Spreadsheets or reports that list the equipment or vehicle used, the size/type of the equipment, the operator for each piece of claimed equipment or vehicle, the dates the equipment or vehicle was used, the dates and hours of use, and the equipment or vehicle rate. Please be sure the reports that list your personnel include the operator's name (even if their hours are for regular time only). Standby costs for equipment and vehicles are not eligible.
- ✓ Vendor contracts, invoices and vouchers for those costs that you are requesting reimbursement.
- ✓ A copy of your jurisdiction's equipment/vehicle rate. If the FEMA rate is lower, the FEMA rate will be used. Equipment/vehicle rates cannot include depreciation. In addition, a copy of the document that shows your governing body adopted the equipment rental rates for this year is required.
- ✓ FEMA wants to know that not only was the cost incurred, but that you paid for the cost. Financial reports that match the total costs claimed for labor, equipment, and material. An invoice that indicates that payment was made is usually sufficient.
- ✓ If per diem and/or travel reimbursement is requested, travel vouchers will be reviewed. A financial report, as a standalone document, is not sufficient as it is not a source document. Travel voucher labor must be supported by your force account labor report. Travel costs for ineligible labor is not eligible.
- ✓ Personnel policies or union contracts regarding overtime pay or exchange time for force account labor.
- ✓ A sample cost-share agreement and any addendums.
- ✓ A sample mutual aid agreement.

Note: This is not an all-inclusive list and you may be asked for additional information or documentation. Although every effort will be made to provide you with sufficient time to provide the requested information or documentation, please be aware we are operating under very tight timeframes. We must have all information and supporting documentation for all claimed costs received and reviewed within six months of the end of the incident period. In addition, FEMA may request additional documentation or additional information after they review the PW package.

H. Project Worksheet (FEMA Form 009-0-0-7)

After review of the eligible costs and all documentation, the FEMA/EMD team will write a project worksheet (PW) for each category of work. If applicable, a PW will also be written for any Donated Resources. Documentation to support all claimed costs will be included with each PW. In Washington State, EMD and FEMA write the PWs for the applicant.

EMD will compile all of the eligible costs for the fire to ensure the fire threshold has been met. We may ask you for the total amount you spent to fight the fire. If the individual or cumulative fire threshold is met, the PWs will be submitted to FEMA for review and approval. If the individual or cumulative fire threshold is not met, EMD will notify each applicant that the PWs will not be submitted.

1. Any PW with total eligible costs under \$1,000 is ineligible for reimbursement.
2. A PW is written for each Category of Work and for Donated Resources:
 - Category B – Emergency Work
 - Category H – Firefighting Activities
 - Category Z – Grant Administrative Costs
3. The following documentation is attached to the PW when submitted to FEMA:
 - Copies of sample agreements and contracts
 - Copies of personnel policies and union contracts
 - Spreadsheets, FEMA summary reports, and financial reports to support the amount requested
 - If a narrative is written to further support the costs and the Statement of Work, this will be attached to the PW. EMD will write this narrative and provide you with a copy for your review.
4. Copies of all documentation supporting the PW must be retained as backup documentation by the sub-grantee for six years from the date of the closure of their grant agreement.

I. Payments

The deadline for all funding requests and supporting documentation to be submitted to EMD is no later than six months from the close of the incident period. EMD will submit all PWs to FEMA. Funding is available for payment to the applicant only *after* FEMA has approved the applicant's PW. When FEMA approves funding for a declared fire, each PW is approved separately. Some PWs may be approved before others. If a PW is submitted for an amount greater than \$1 million federal share, FEMA Region X will review the PW and forward the PW to FEMA headquarters for review and approval.

1. ***Project Worksheet Approval*** – Upon receiving approval of a PW, the applicant will be notified in writing of the funding amount and the breakdown on a cost share basis. EMD will send the applicant a completed A19-1A Invoice Voucher and a copy of the approved PW package.
2. ***A19-1A Invoice Voucher (A19)*** – Upon receipt of the project funding approval, the applicant agent should immediately sign the A19 Invoice Voucher for the funds due, and submit it to EMD for payment. The invoice voucher requires the signature of the designated applicant agent. The completed and signed form should be sent to:

Fire Management Assistance Grant Program
Washington Military Department
Emergency Management Division
Building 20B, MS: TA-20
Camp Murray, Washington 98430-5122

Payment for the approved funds will be processed upon receipt of the A-19-1A. (A sample A-19-1A *Invoice Voucher* form is in Appendix C-16 for your reference.)

All payments will be made by Electronic Funds Transfer (EFT). The Office of Financial Management (OFM) manages the direct deposit information for the state. You only need to register once to receive direct deposit payments from all state agencies that you do business with. A copy of the direct deposit authorization form is provided with the Agreement. **If you do not already have direct deposit payments, please complete the form and return it with your agreement.** If you already have direct deposit set up with the State, then please note that on the form and return it with your agreement.

J. Closure

After payment of the approved funding, the applicant's file will be closed, unless an appeal is filed. The applicant will be notified by letter that the grant is closed.

K. Appeals

If an eligible applicant does not agree with any FEMA determination, they may appeal the determination within 60 days of receipt of the determination according to the following procedures:

1. ***Levels of Appeal*** – A first appeal is made through EMD to the FEMA Regional Administrator. If the resultant determination is also appealed, a second appeal through EMD to the FEMA Assistant Administrator for Disaster Assistance is possible.
2. ***Format and Content*** – The applicant shall make an appeal in writing through EMD to the FEMA Regional Administrator. The appeal should contain **documented justification** that supports the applicant's position, the monetary figure in dispute, and provisions in the federal law, regulation, or policy with which the applicant believes the initial action was inconsistent. This includes determinations on applicant eligibility, work eligibility, and cost.
3. ***Time Limits*** – Applicants must file appeals within 60 days after receipt of notice of the action the applicant is contesting. EMD will review and forward an applicant's appeal, with a written recommendation, to the FEMA Regional Administrator within 60 days of receipt of the appeal. FEMA's Regional Administrator will notify EMD of the disposition of the appeal, or the need for additional information, within 90 days following receipt of the appeal.
4. ***Second Appeal and Final Decision*** – The requirements outlined above for the first appeal are also followed for a second appeal. The decision of the FEMA Assistant Administrator for Disaster Assistance at the second level of the appeal will be FEMA's final administrative decision.

L. Documentation

Applicants must establish a filing system to maintain all records pertaining to their fire management assistance grants. These records should be easily accessible to state and federal auditors and program staff. Records are required to be maintained for a period of **six years** from the date of closure of each applicant's grant application.

M. Audit Requirements

Audits are required in compliance with the Federal Single Audit Act and will be performed under 44 CFR § 13.26. FEMA may elect to conduct a program-specific federal audit. When an audit is conducted, one copy of the audit report shall be sent to the Chief Financial Officer of the Washington Military Department within nine months after the close of the fiscal year.

All applicants receiving financial assistance from the Federal Emergency Management Agency must comply with OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. This circular provides government-wide standards for implementing the Single Audit Act of 1984, Public Law 98-502, rescinds OMB A-128, and replaces Attachment P to OMB Circular A-102.

For audit purposes, the Act divides state and local governments into two categories as follows:

1. Applicants who expend \$500,000 or more in **total** federal financial assistance in one fiscal year must have an audit made for that year in accordance with OMB Circular A-133.
2. Applicants who expend less than \$500,000 in total federal financial assistance in a fiscal year are exempt from compliance with the Act and other federal audit requirements.

IV. FUNDING

All Fire Management Assistance Grants are subject to a cost share. Under the FMAGP there is no cost-share adjustment. The grant application for each declared fire is subject to the 75 percent federal cost share.

A. **Federal Funding**

FEMA provides 75 percent of the funding for approved eligible costs.

B. **Non-Federal Funding**

The applicant is responsible for a 25 percent non-federal share. Donated Resources credit is also subject to the 75% federal / 25% non-federal cost share.

C. **Duplication and Recovery of Assistance**

1. ***Duplication*** – FEMA provides supplementary assistance under the Stafford Act, which generally may not duplicate benefits received by, or available to, the applicant from another source (i.e., insurance, legal awards, other assistance programs, other federal agencies, etc.). Grants will be reduced by the amounts available from other sources.
2. ***Negligence*** – FEMA will not provide assistance to an applicant for costs attributable to the applicant's own negligence. Also, if an applicant suspects negligence by a third party for causing a condition which was funded by FEMA under the Fire Management Assistance Grant Program, the applicant is responsible for taking all reasonable steps to recover those funds. These funds must be repaid to FEMA through EMD.
3. ***Intentional Acts*** - Any person who intentionally causes a condition for which assistance is provided by FEMA shall be liable to the United States to the extent that FEMA incurs costs attributable to the intentional act or omission that caused the condition. FEMA may provide assistance, but it will be conditioned on an agreement by the applicant to cooperate with FEMA in efforts to recover the assistance from the liable party. However, a person shall not be liable under this section as a result of actions the person takes or omits in the course of rendering care or assistance in response to the fire.
4. ***Recovery of Overpayments*** - Every effort is made to avoid instances where applicants receive more funds than can be supported by documentation. If an overpayment is determined by EMD, FEMA or through an audit, EMD will send a letter to the applicant requesting repayment of the funds. When an applicant is required to return an overpayment to the State, the warrant must be made payable to the Washington Military Department.

V. STATE AND FEDERAL LAWS TO BE OBSERVED

The applicant must comply with all state and federal laws in performing all tasks undertaken with respect to the Fire Management Assistance Grant Program. The following sections are included for informational purpose and are not professed to include all relevant laws. It is the applicant's responsibility to comply with all federal, state, and local laws.

Public Law 88-352, Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) (24 CFR Part 1)

The applicant must comply with the provisions of "Public Law 88-352", which refers to Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.). The law provides that no person in the United States shall, on the grounds of race, color or national origin, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Section 504 The Rehabilitation Act, 1973, as amended (29 U.S.C. 794)

The applicant must comply with Section 504 of the Rehabilitation Act of 1973, as amended, which provides that no otherwise qualified individual shall, solely by reason of his or her disability, be excluded from participation (including employment), denied program benefits or be subjected to discrimination under any program or activity receiving federal assistance funds.

Americans With Disabilities Act (42 U.S.C. 12101 et seq.)

The applicant shall comply with the provisions of the Americans with Disabilities Act, 42 U.S.C. 12101, et. seq. That Act provides a comprehensive national mandate to eliminate discrimination against individuals with disabilities. The Act may impose requirements on the applicant in four principle ways: 1) with respect to employment; 2) with respect to the provision of public services; 3) with respect to transportation; and 4) with respect to existing facilities and new construction.

Copeland Act (Anti-Kickback Act) (40 U.S.C. 276c)

The applicant shall comply with the Copeland Act, which makes it a criminal offense for any person to induce, by any manner whatsoever, any other person employed on the construction, prosecution, completion, or repair of any public building, or work financed in whole or in part by liens or grants from the United States, to give up any part or the compensation which he or she is entitled under his or her contract of employment. Compensation shall consist of wages and approved fringe benefits.

Contract Work Hours And Safety Standards Act (40 U.S.C. 327 et seq.)

The applicant shall comply with the provisions of the Contract Work Hours and Safety Standards Act. According to this Act, no contract work may involve or require laborers

or mechanics to work in excess of 40 hours in a work week, unless compensation of not less than one and one-half times the basic rate is paid for the overtime hours. If the Act is violated, the applicant or subcontractor is liable to any affected employee for unpaid damages as well as to the United States for liquidated damages. These requirements apply to rehabilitation or residential property only if such property is designed for residential use for eight or more families.

Clean Air Act, as amended (42 U.S.C. 7401 et seq.)

The applicant shall comply with the Clean Air Act, which prohibits (1) engaging in, (2) supporting in any way or providing financial assistance for, (3) licensing or permitting, or (4) approving any activity which does not conform to the state implementation plan for natural primary and secondary ambient air quality standards. The applicant shall ensure that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the program are not listed on the U.S. Environmental Protection Agency's (EPA) list of Violating Facilities and that it will notify the Agency of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that the facility to be used in the project is under consideration for listing by EPA.

Executive Order 11990, May 24, 1977: Protection Of Wetlands (42 F.R. 26961 et seq.)

The applicant shall comply with Executive Order 11990. The intent of this Executive Order is (1) to avoid, to the extent possible, adverse impacts associated with the destruction or modification of wetland, and (2) to avoid direct or indirect support of new construction in wetlands wherever there is a practical alternative.

The applicant, to the extent permitted by law, must avoid undertaking or providing assistance for new construction located in wetlands unless (1) there is no practical alternative to such construction, and (2) the proposed action includes all practical measures to minimize harm to wetlands which may result from such use. In making this determination, the applicant may take into account economic, environmental and other pertinent factors.

Executive Order 11988, May 24, 1977: Floodplain Management (42 F.R. 26951 et seq.)

The applicant shall comply with the provisions of Executive Order 11988. The intent of this Executive Order is to (1) avoid, to the extent possible, adverse impacts associated with the occupancy and modification of floodplains, and (2) avoid direct or indirect support of floodplain development wherever there is a practical alternative. If the applicant proposes to conduct, support or allow an action to be located in a floodplain, the applicant must consider alternatives to avoid adverse effects and incompatible involvement in the floodplain. If sitting in a floodplain is the only practical alternative, the applicant must, prior to taking any action (1) design or modify its actions in order to

minimize any potential harm to the floodplain, and (2) prepare and circulate a notice containing an explanation of why the action is proposed to be located in a floodplain.

Endangered Species Act Of 1973, as amended (16 U.S.C. 1531 et seq.)

The applicant shall comply with the Endangered Species Act of 1973, as amended. The intent of this Act is to ensure that all federally assisted projects seek to preserve endangered or threatened species. Federally authorized and funded projects must not jeopardize the continued existence of endangered and threatened species or result in the destruction of or modification of habitat of such species which is determined by the U.S. Department of the Interior, after consultation with the state, to be critical.

Reservoir Salvage Act Of 1960, as amended by the Archaeological And Historic Preservation Act Of 1974 (16 U.S.C. 469 et seq.)

Under the Reservoir Salvage Act, the applicant must comply with provisions for the preservation of historical and archaeological data (including relics and specimens) that might otherwise be irreparably lost or destroyed as a result of any alteration of the terrain caused as a result of any federal construction project or federally licensed activity or program. Whenever the applicant finds, or is notified in writing by an appropriate historical or archaeological authority, that its activities in connection with any federal funded construction project or federally licensed project, activity or program may cause irreparable loss or destruction of significant scientific, prehistoric, historical or archaeological data, the applicant must notify the U.S. Secretary of Interior in writing and provide appropriate information concerning the project or program activity.

Archaeological And Historical Data Preservation Act Of 1974 (16 U.S.C. 469 a-1 et seq.)

The applicant shall comply with the Archaeological and Historical Data Preservation Act, which provides for the preservation of historic and archaeological information that would be lost due to development and construction activities as a result of federally funded activities.

Safe Drinking Water Act Of 1974, as amended (42U.S.C. Section 201, 300(f) et seq., and U.S.C. Section 349)

The applicant must comply with the Safe Drinking Water Act, as amended, which is intended to protect underground sources of water. No commitment for federal financial assistance, according to this Act, shall be entered into for any project which the U.S. Environmental Protection Agency determines may contaminate an aquifer which is the sole or principal drinking water source for an area.

Federal Water Pollution Control Act Of 1972, as amended, including the Clear Water Act Of 1977, Public Law 92-212 (33 U.S.C. Section 1251 et seq.)

The applicant must assure compliance with the Water Pollution Control Act, as amended, which provides for the restoration of chemical, physical and biological integrity of the nation's water.

Solid Waste Disposal Act, as amended by the Resource Conservation And Recovery Act Of 1976 (42 U.S.C. Section 6901 et seq.)

The applicant must assure compliance with the Solid Waste Disposal Act, as amended. The purpose of this Act is to promote the protection of health and the environment and to conserve valuable material and energy resources.

Fish and Wildlife Coordination Act Of 1958, as amended (16 U.S.C Section 661 et seq.)

The applicant must assure compliance with the Fish and Wildlife Coordination Act, as amended. The Act assures that wildlife conservation receives equal consideration and is coordinated with other features or water resources development programs.

Prevailing Wages On Public Works, Chapter 39.12 RCW

The applicant shall comply with the provisions of Chapter 39.12 RCW, Prevailing Wages on Public Works. This statute mandates that the prevailing rate of wage, as determined by the state Department of Labor and Industries, be paid to workers performing under public works contracts.

Open Public Meeting Act, Chapter 42.30 RCW

The applicant shall comply with provisions of Chapter 42.30 RCW which require that all meetings of the governing body which pertain to the implementation of the Fire Management Assistance Grant Program shall be open to the public except those where specific provision is made for executive sessions pursuant to RCW 42.30.110.

Law Against Discrimination, Chapter 49.60 RCW

The applicant shall comply with the provisions of Chapter 49.60 RCW in all activities relating to the implementation of this program.

Governor's Executive Order 89-10, December 11, 1989: Protection Of Wetlands, and Governor's Executive Order 90-04, April 21, 1990: Protection Of Wetlands

The applicant shall ensure that it avoids any activities that would adversely affect wetlands and adequately mitigates unavoidable impacts. For the purposes of this requirement, except where a contrary definition is provided by statute, mitigation means: (1) avoiding the impact altogether by not taking certain action or part of an action; (2) minimizing impacts by limiting the degree or magnitude of the action and its implementation, by using appropriate technology, or by taking affirmative steps to avoid

or reduce impacts; (3) rectifying the impact by repairing, rehabilitating, or restoring the affected environment; (4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the action; (5) compensating for the impact by replacing, enhancing, or providing substitute resources or environments; and (6) monitoring the impact and taking appropriate corrective measures.

Mitigation for individual actions may include a combination of the above measures. Mitigation may not include any of the above measures to the extent that they may be contrary to statute as applied under the particular circumstances. Emergency work that is essential to save lives and protect property and public health is exempt from these provisions.

APPENDIX A

DEFINITIONS

APPENDIX A – DEFINITIONS

The following definitions explain terms as used in the Fire Management Assistance Program.

1. **Applicant** - a government or other legal entity that receives an award and which is accountable to the state for the use of the funds provided.
2. **Applicant Agent** - the person the local jurisdiction delegates the authority to manage the fire grant. This individual will authorize all payments and be the primary contact with EMD.
3. **Assistant Administrator, Disaster Assistance Directorate** – the FEMA Assistant Administrator of Disaster Assistance, or his/her designated representative is located at FEMA Headquarters in Washington D.C.
4. **Code of Federal Regulations** - "44 CFR, Chapter 1, Federal Emergency Management Agency," the primary volume regarding the Fire Management Assistance Program under the Federal Emergency Management Agency's direction.
5. **Damage Assessment** - the process utilized to determine the magnitude of damage and the unmet needs of the public sector caused by a disaster or emergency event.
6. **Declared Fire** – an uncontrolled fire or fire complex that threatens such destruction as would constitute a major disaster, which the FEMA Regional Administrator has approved in response to a state's request for a fire management assistance declaration.
7. **Demobilization** - the process and procedures to deactivate, disassemble, and transport back to their point of origin all resources that have been provided to respond to and support a declared fire.
8. **Donated Resources** – the volunteer labor, donated equipment, or donated materials used in the performance of eligible emergency work (Categories B and H). Donated Resources offset the non-federal share of the eligible emergency work approved in PWs.
9. **Federal Emergency Management Agency (FEMA)** - the federal agency created to provide a single point of accountability for all federal activities related to disaster mitigation and emergency preparedness, response, and recovery.
10. **FEMA/State Agreement** - the formal legal document between FEMA and the state that states the understandings, commitments, and binding conditions for assistance applicable as the result of the declaration of a fire. The agreement is signed by the FEMA Regional Administrator, or designee, and the Governor.
11. **Fire Complex** – two or more individual fires located in the same general area that are assigned to a single Incident Commander.
12. **Force Account** - an applicant's own labor forces, material and equipment.
13. **Governor's Authorized Representative (GAR)** - the person empowered by the Governor to execute, on behalf of the state, all documents for fire management assistance, including the request for a fire management assistance declaration.
14. **Grant** - an award of financial assistance, including cooperative agreements, by FEMA to an eligible state. The grant award will be based on the projected amount of total eligible

costs for which a state submits an application and that FEMA approves related to a declared fire.

15. **Grantee** – the Emergency Management Division, Washington Military Department.
16. **Incident Commander** - the ranking official responsible for overseeing the management of fire operations, planning, logistics, and finances of field response.
17. **Incident Period** – the time interval during which the declared fire occurs. The FEMA Regional Administrator, in consultation with the Governor’s Authorized Representative and the Principal Advisor (**from the US Forest Service**), will establish the incident period. Generally, to be considered eligible, costs must be incurred during the incident period which occurs between the declared start and time of the fire and the end dates and times of the fire as determined by FEMA.
18. **Indian Tribal Government** - any federally recognized governing body of an Indian tribe, band, nation, pueblo, village, or community that the Secretary of the Interior acknowledges as an Indian tribe under the Federally Recognized Tribe List Act of 1994, 25 U.S.C. 479a.
19. **Local Government** - any county, municipality, city, town, public authority, school district, special purpose district, intrastate district, council of governments, regional or interstate government entity, agency or instrumentality of a local government, or other political subdivision of any state, any Indian tribal government or authorized tribal organization and any rural community, unincorporated town or village, or other public entity for which an application for assistance is made by a state or political subdivision thereof.
20. **Mitigation, Management, and Control** - those activities undertaken, generally during the incident period of a declared fire, to minimize immediate adverse effects and to manage and control the fire. Eligible activities may include associated emergency work and pre-positioning of people and equipment directly related to the declared fire.
21. **Mobilization** - the processes and procedures used to activate, assemble, and transport all resources the Incident Commander requests to respond in support of a declared fire.
22. **Mutual Aid** – the agreement between federal, state, or local governments to provide emergency assistance to each other in the event of disasters or other crises. The agreements may be written or verbal.
23. **Pre-positioning** – to move existing fire prevention or suppression resources from an area of lower fire danger to one of higher fire danger in anticipation of an increase in fire activity that is likely to constitute the threat of a major disaster.
24. **Project Worksheet (FEMA Form 009-0-0-7)** - this form identifies actual costs incurred by eligible applicants as a result of the eligible firefighting activities.
23. **Regional Administrator** – a director of a FEMA Regional Office or his/her designated representative.
24. **State** – the State of Washington. The Fire Management grant is awarded to the State of Washington and the state is accountable for the use of the funds provided. The state is the entire legal entity, even if only a particular component of the entity is designated in the grant award document.
25. **Subgrantee** – also known as Applicant.

- 26. **Subgrant Application** – Project Worksheet
- 27. **Threat of a Major Disaster** – the potential impact of a fire or fire complex is of such severity and magnitude that it would result in a presidential disaster declaration for the Public Assistance program, the Individual Assistance program, or both.
- 28. **Uncontrolled Fire** – any fire not safely confined to predetermined control lines as established by firefighting resources.
- 28. **Washington Military Department** - the Emergency Management Division of the Washington Military Department, which is the agency responsible for administering the Fire Management Assistance Grant Program in the State of Washington.

Title 44 CFR part 204.41 defines Fire Management Assistance eligibility criteria as: (a) The following entities are eligible to apply through a State grantee for a subgrant under an approved fire management assistance grant: 1) State agencies; 2) Local government; and 3) Indian tribal governments. (b) Entities that are not eligible to apply for a subgrant as identified in (a), such as privately owned entities and volunteer fire fighting organizations, may be reimbursed through a contract or compact with an eligible applicant for cost associated with the fire complex. (c) Eligibility is contingent upon the finding that the applicant's resources were requested by the Incident Commander or comparable State official. (d) The activities performed must be the legal responsibility of the applying entity, required as a result of the fire complex for which a fire management assistance declaration was approved, and located within the declared area.

Re: Designated Applicant Agent

Dear Mr. Urbas:

The purpose of this letter is to designate (insert name and title) as the Applicant Agent and (insert name and title) as the Alternate authorized representatives for (insert name of agency/jurisdiction) for the 1963-DR-WA Severe Winter Storm, Flooding, Landslides, and Mudslides Event Declaration. The purpose of this designation as the authorized representatives is to obtain federal and/or state emergency or major disaster assistance funds.

These representatives are authorized on behalf of (insert name of agency/jurisdiction) to execute all contracts, certify completion of projects, request payments, and prepare all required documentation for funding requirements.

Sincerely,

Name
State Agency Department Director or Elected Official (Mayor, Chairman of the Commissioners)

Designation of Applicant's Agent Resolution

Be it resolved by _____ of _____
(Governing Body) (Public Agency)
_____, _____ is hereby designated the authorized
(Name of New Agent) (Title)
representative for and _____, _____ is hereby
(Name of alternate) (Title)
designated the alternate in behalf of _____, a public agency
(Public Agency)
established under the laws of the State of Washington.

The purpose of this designation as the authorized representatives, is to obtain federal fire management assistance funds. This representatives are authorized on behalf of _____ to
(Public Agency)
execute all contracts, certify completion of work,
request payments, and prepare all documentation for funding requirements.

Passed and approved this _____ day of _____, 2009.

_____, _____, _____, _____
(Signature) (Title) (Signature) (Title)

_____, _____, _____, _____
(Signature) (Title) (Signature) (Title)

_____, _____, _____, _____
(Signature) (Title) (Signature) (Title)

Certification

I, _____, duly appointed and _____ of _____
(Name) (Title) (Public Agency)
do hereby certify that the above is a true and correct copy of a resolution passed and
approved by the _____ of _____
(Governing Body) (Public Agency)
on the _____ day of _____, 2009.

_____, _____, _____ (Official Position)
(Signature) (Date)

INSTRUCTIONS FOR COMPLETING DESIGNATION OF APPLICANT'S AGENT

Can use either a letter or a resolution to designate the applicant agent and alternate applicant agent.

General Notes for Letter:

A letter may be substituted for the Designation of Applicant's Agent Resolution. It should be from the chief executive officer for the public agency, i.e., Mayor, City Manager. However, one **may not appoint oneself** as the applicant agent or the alternate.

If a state agency, the agency Director or designee may appoint the Applicant's Agent and Alternate Applicant's Agent. The same form or format is used to appoint the Alternate Applicant's Agent.

General Notes for Resolution:

Governing Body – council, commissioners, board of directors, etc.

Public Agency – name of the applicant entity, i.e., county, city, fire district, etc. Must have signatures of voting members of the governing body; titles may be typed.

A majority of the governing body must sign the resolution.

The certification must be signed by the clerk of the governing body.

The signed resolution itself may be photocopied, but the **certification** needs to have the **original signature** of the signer.

SIGNATURE AUTHORIZATION FORM

WASHINGTON STATE MILITARY DEPARTMENT

Camp Murray, Washington 98430-5122

Please read instructions on reverse side before completing this form.

NAME OF ORGANIZATION	DATE SUBMITTED
PROJECT DESCRIPTION	CONTRACT NUMBER

1. AUTHORIZING AUTHORITY

SIGNATURE	PRINT OR TYPE NAME	TITLE/TERM OF OFFICE

2. AUTHORIZED TO SIGN CONTRACTS/CONTRACT AMENDMENTS

SIGNATURE	PRINT OR TYPE NAME	TITLE

INSTRUCTIONS FOR SIGNATURE AUTHORIZATION FORM

This form identifies the persons who have the authority to sign contracts, amendments, and grant documents. It is required for the management of your contract with the Military Department (MD). Please complete all sections. One copy with original signatures is to be sent to MD with the signed contract, and the other should be kept with your copy of the contract.

When a request for reimbursement is received, the signature is checked to verify that it matches the signature on file. **The payment can be delayed if the request is presented without the proper signature.** It is important that the signatures in MD's files are current. Changes in staffing or responsibilities will require a new signature authorization form.

1. **Authorizing Authority.** Generally, the person(s) signing in this box heads the governing body of the organization, such as the board chair or mayor. In some cases, the chief executive officer may have been delegated this authority.
2. **Authorized to Sign Contracts/Contract Amendments.** The person(s) with this authority should sign in this space. Usually, it is the county commissioner, mayor, executive director, city clerk, applicant agent, alternate applicant agent, etc.

If you have any questions regarding this form or to request new forms, please call your Public Assistance Coordinator.

Debarment, Suspension, Ineligibility or Voluntary Exclusion Certification Form

Instructions For Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions

READ CAREFULLY BEFORE SIGNING THE CERTIFICATION. Federal regulations require contractors and bidders to sign and abide by the terms of this certification, without modification, in order to participate in certain transactions directly or indirectly involving federal funds.

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

NAME		Doing business as (DBA)	
ADDRESS	Applicable Procurement or Solicitation #, if any:	WA Uniform Business Identifier (UBI)	Federal Employer Tax Identification #:
This certification is submitted as part of a request to contract.			

3. The prospective lower tier participant shall provide immediate written notice to the department, institution or office to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under the applicable CFR, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under applicable CFR, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business activity.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under applicable CFR, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions

The prospective lower tier participant certifies, by submission of this proposal or contract, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this form.

Bidder or Contractor Signature: _____ Date: _____

FEDERAL DEBARMENT, SUSPENSION INELIGIBILITY and VOLUNTARY EXCLUSION

(FREQUENTLY ASKED QUESTIONS)

What is “Debarment, Suspension, Ineligibility, and Voluntary Exclusion”?

These terms refer to the status of a person or company that cannot contract with or receive grants from a federal agency.

In order to be debarred, suspended, ineligible, or voluntarily excluded, you must have:

- had a contract or grant with a federal agency, and
- gone through some process where the federal agency notified or attempted to notify you that you could not contract with the federal agency.
- Generally, this process occurs where you, the contractor, are not qualified or are not adequately performing under a contract, or have violated a regulation or law pertaining to the contract.

Why am I required to sign this certification?

You are requesting a contract or grant with the Washington Military Department. Federal law (Executive Order 12549) requires Washington Military Department ensure that persons or companies that contract with Washington Military Department are not prohibited from having federal contracts.

What is Executive Order 12549?

Executive Order 12549 refers to Federal Executive Order Number 12549. The executive order was signed by the President and directed federal agencies to ensure that federal agencies, and any state or other agency receiving federal funds were not contracting or awarding grants to persons, organizations, or companies who have been excluded from participating in federal contracts or grants. Federal agencies have codified this requirement in their individual agency Code of Federal Regulations (CFRs).

What is the purpose of this certification?

The purpose of the certification is for you to tell Washington Military Department in writing that you have not been prohibited by federal agencies from entering into a federal contract.

What does the word “proposal” mean when referred to in this certification?

Proposal means a solicited or unsolicited bid, application, request, invitation to consider or similar communication from you to Washington Military Department.

What or who is a “lower tier participant”?

Lower tier participants means a person or organization that submits a proposal, enters into contracts with, or receives a grant from Washington Military Department, OR any subcontractor of a contract with Washington Military Department. If you hire subcontractors, you should require them to sign a certification and keep it with your subcontract.

What is a covered transaction when referred to in this certification?

Covered Transaction means a contract, oral or written agreement, grant, or any other arrangement where you contract with or receive money from Washington Military Department. Covered Transaction does not include mandatory entitlements and individual benefits.

Sample Debarment, Suspension, Ineligibility, Voluntary Exclusion Contract Provision

Debarment Certification. The Contractor certifies that the Contractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in this Contract by any Federal department or agency. If requested by Washington Military Department, the Contractor shall complete a Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion form. Any such form completed by the Contractor for this Contract shall be incorporated into this Contract by reference

FORCE ACCOUNT LABOR SUMMARY INSTRUCTIONS
FEMA Form 90-123

Force account is the term used to define labor performed by the applicant's personnel.

- * Record regular and overtime hours separately.
- * Record regular and overtime benefits separately.
- * Attach a Fringe Benefits Rate sheet for the benefit breakdown. You can use an average rate if there are different benefit rates for employees.

Complete the Record as Follows:

- * **Applicant:** Enter organization's name.
- * **PA ID No.:** Enter the computer tracking number that FEMA assigns to applicant organization. Your Public Assistance Coordinator can provide you with this number.
- * **Project No.:** Enter the number assigned to this project by the applicant.
- * **Disaster:** Enter the declaration number for this fire. The Public Assistance Coordinator can also provide you with this information.
- * **Location/Site:** This item can range from an "address," "intersection of...", "1 mile south of...on..." to "county wide." If damages are in different locations or different counties please list each location. Include latitude and longitude of the project if known.
- * **Category:** Indicate the category of the project according to FEMA specified work categories (i.e.; B, H, Z). This is optional.
- * **Period Covering:** Enter the dates that this period covers.
- * **Description of Work Performed:** Enter a brief description of work performed.
- * **Dates & Hours Worked:** Enter the dates, days, and hours worked.
- * **Name:** Enter the name of each employee who worked the project.
- * **Job Title:** Enter the title or occupation of each employee who worked the project.
- * **REG:** Enter the regular hours that each employee worked on the project.
- * **O.T.:** Enter the overtime hours that each employee worked on the project. Record regular and overtime hours. **Reminder: Only overtime is eligible for emergency work.**
- * **Cost / Total Hours:** For the Word version, enter the total hours for the week. The Excel version will calculate the total hours for the week and auto fill the "Total Hours" cell.
- * **Costs / Hourly Rate:** Enter each employee's hourly rate.

- * **Costs / Benefits Rate/Hr.:** Enter each employee's hourly benefit rate. There should be different percentages for regular versus overtime benefit rates.
- * **Costs / Total Hourly Rate:** Excel will add the employee's hourly rate in the "Hourly Rate" block and the hourly benefits rate in the "Benefit Rate/HR" block and auto fill the "Total Hourly Rate" block.
- * **Costs / Total Costs:** Multiply the entries in the "Total Hrs" and "Total Hourly Rate" blocks and fill in the "Total Costs" block. The Excel version auto calculates these fields.
- * **Total Cost for Force Account Labor Regular Time:** Add the entries in the "Total Costs", "REG" block for each employee and the results in the "Total Cost for Force Account Labor Regular Time" block.
- * **Total Cost for Force Account Labor Overtime:** Add the entries in the "Total Costs", "O.T." block for each employee and the results in the "Total Cost for Force Account Labor Overtime" block.
- * **Certified:** Record the name, title, and date of the person certifying the Force Account Labor Summary Record.

This page intentionally left blank

FRINGE BENEFIT RATE SHEET INSTRUCTIONS

Fringe benefits for force account labor are eligible. Except in extremely unusual cases, fringe benefits for overtime will be significantly less than regular time. The following steps will assist in calculating the percentage of fringe benefits paid on an employee's salary.

Note: items and percentages will vary from one entity to another.

- 1) The normal year consists of 2080 hours (52 weeks x 5 workdays/week x 8 hours/day). This does not include holidays and vacations.
- 2) Determine the employee's basic hourly pay rate (annual salary/2080 hours).
- 3) Fringe benefit percentage for vacation time: Divide the number of hours of annual vacation time provided to the employee by 2080 (80 hours (2 weeks)/2080 = 3.85%).
- 4) Fringe benefit percentage for paid holidays: Divide the number of paid holiday hours by 2080 (64 hours (8 holidays)/2080 = 3.07%).
- 5) Retirement pay: Because this measure varies widely, use only the percentage of salary matched by the employer.
- 6) Social Security and Unemployment Insurance: Both are standard percentages of salary.
- 7) Insurance: This benefit varies by employee. Divide the amount paid by the city or county by the basic pay rate determined in Step 2.
- 8) Workman's Compensation: This benefit also varies by employee. Divide the amount paid by the city or county by the basic pay rate determined in Step 2. Use the rate per \$100 to determine the correct percentage.

Note: Typically, you should not be charging the same rate for regular time and overtime. Generally, only FICA (Social Security) is eligible for overtime; however, some entities may charge retirement tax on all income.

Sample Rates

Rates may differ between organizations and the table on the next page provides some general guidelines that can be used as a reasonableness test to determine eligible costs. These rates are based on past experience in developing fringe rates for several states. The rates presented are determined using the gross wage method applicable to the personnel hourly rate (PHR) method. The net available hours method would result in higher rates.

Paid Fringe Benefits

HCA Matching	7.65%	(or slightly less)
Retirement--Regular	17.00%	(or less)
Retirement--Special Risk	25.00%	(or slightly more)
Health Insurance	12.00%	(or less)
Life & Disability Insurance	1.00%	(or less)
Worker's Compensation	3.00%	(or less)
Unemployment Insurance	0.25%	(or less)
Leave Fringe Benefits		
Accrued Annual Leave	7.00%	(or less)
Sick Leave	4.00%	(or less)
Administrative Leave	0.50%	(or less)
Holiday Leave	4.00%	(or less)
Compensatory Leave	2.00%	(or less)

Rates outside of these ranges are possible, but will have to be justified during the validation process.

FORCE ACCOUNT EQUIPMENT SUMMARY INSTRUCTIONS
FEMA Form 90-127

Force Account Equipment is the term used to define equipment the applicant owns.

Complete the Record as Follows:

- * **Applicant:** Enter organization's name.
- * **PA ID No.:** Enter the computer tracking number that FEMA assigns to applicant organization. Your Public Assistance Coordinator can provide you with this number.
- * **Project No.:** Enter the number assigned to this project by the applicant.
- * **Disaster:** Enter the declaration number for this fire. The Public Assistance Coordinator can also provide you with this information.
- * **Location/Site:** This item can range from an "address," "intersection of...", "1 mile south of...on..." to "county wide." If damages are in different locations or different counties please list each location. Include latitude and longitude of the project if known.
- * **Category:** Indicate the category of the project according to FEMA specified work categories (i.e., B, H, Z). This is optional.
- * **Period Covering:** Enter the dates that this period covers.
- * **Description Work Performed:** Describe the type of work the equipment was used for.
- * **Type of Equipment / Indicate size, capacity, horsepower, make, and model as appropriate:** Enter a brief description of the equipment including the rated horsepower or capacity of the equipment.
- * **Equipment Code Number:** Enter the FEMA cost code number for the equipment.
- * **Operator's Name:** Enter the equipment operator's name.
- * **Date and Hours Used Each Day - Date:** Enter the days or dates for the week.
- * **Hours:** Enter the hours the equipment was used. **Note:** Standby time for equipment is not eligible.
- * **Costs / Total Hours:** The total hours for the week. Excel will auto fill the "Total Hours" block.
- * **Costs / Equipment Rate:** Enter the hourly rate for the equipment.
- * **Costs / Total Cost:** Multiply the number in the Total Hours block by the number in the Equipment Rate block and fill in the amount in the Total Cost block. Excel will auto fill this number.
- * **Grand Totals:** Add the numbers in the Total Hours block and the Total Cost block. Excel will auto fill the totals. You will need to enter the totals manually on the Word version.
- * **Certified:** Record the name, title, and date of the person certifying the Force Account Equipment Summary Record.

RENTED EQUIPMENT SUMMARY INSTRUCTIONS
FEMA Form 90-125

This form is used to record the costs of equipment that is rented or leased to the applicant to respond to the event or be used to make repairs to damages caused by the event.

Complete the Record as Follows:

- * **Applicant:** Enter organization's name.
- * **PA ID No.:** Enter the computer tracking number that FEMA assigns to applicant organization. Your Public Assistance Coordinator can provide you with this number.
- * **Project No.:** Enter the number assigned to this project by the applicant.
- * **Disaster:** Enter the declaration number for this fire. The Public Assistance Coordinator can also provide you with this information.
- * **Location/Site:** This item can range from an "address," "intersection of...", "1 mile south of...on..." to "county wide." If damages are in different locations or different counties please list each location. Include latitude and longitude of the project if known.
- * **Category:** Indicate the category of the project according to FEMA specified work categories (i.e., B, H, Z). This is optional.
- * **Period Covering:** Enter the dates that this period covers.
- * **Type of Equipment:** Enter a brief description of the equipment that was leased or rented. Indicate if the equipment was rented on a daily, weekly, or monthly rate instead of an hourly rate.
- * **Date and Hours Used:** Enter the dates for each day the equipment was used in the top box and the hours the equipment was worked in the bottom box.
- * **Rate Per Hours With or Without Operator:** Enter the hourly rental or lease cost of the equipment with or without an operator. **Note:** Determine the rental rate is fair and reasonable and not raised because of the disaster.
- * **Total Cost:** Multiply the entries in the second box under "Dates & Hours Used". Multiple this amount by the "Rate Per Hour – W/OPR or W/OUT OPR". The Excel version auto fills the "Total Cost" block. You will need to fill in the block in the Word version.
- * **Vendor:** Enter the name of the vendor.
- * **Invoice No.:** Enter the invoice number.
- * **Date and Amount Paid:** Enter the date of the invoice in the top box and the usage cost based on the renter's agreement in the bottom box.
- * **Check No.:** Enter the check or warrant number.
- * **Grand Total:** The Excel version will calculate the costs from "Total Price" blocks and auto fill "Grant Total" block. You will need to enter this information manually on the Word version.
- * **Certified:** Record the name, title, and date of the person certifying the Rented Equipment Summary Record.

Instructions for the Completion of A-19-1A Invoice Voucher

Please use the Invoice Vouchers preprinted with the Disaster Assistance Payment Request Information.

1. Fill in the name and mailing address of your agency in the vendor or claimant box.
2. The designated applicant agent for your agency or jurisdiction is required to sign the invoice voucher under the Vendor's Certificate.
3. Contract No. – See your copy of the interagency agreement. The contract number is in the upper right hand corner.
4. Disaster No. – Insert the appropriate number, depending upon the disaster under which you are requesting reimbursement. (i.e. No. 1734 – December 2007 Flood)
5. Type of Request – Mark payment choice based upon type of Project Worksheet you are requesting payment on. Final payment is not marked until the indirect administrative allowance is paid at the time the disaster assistance application is closed.
6. Date – Insert date the invoice voucher is being completed.
7. Program Index – Leave Blank.
8. Project Costs – Leave the lines to the left of the dollar sign (\$) blank. To the right of the \$, on the line ending with an (F), insert the total amount of federal share funds being requested for payment. If your agency is requesting payment on more than one Project Worksheet, then the total amount of federal funds for all of the reports for which payment is requested would be inserted. Similarly, the amount of state funds for all Project Worksheets for which payment is requested, would be inserted to the right of the \$ on the line ending (S).

F = federal funds S = state funds
9. Administrative Costs – Leave blank.

You have now completed the form. Mail the completed invoice voucher with the required accompanying document to:

Public Assistance Program
Washington Military Department
MS: TA-20 Building 20-B
Camp Murray, WA 98430-5122

A copy of the invoice voucher will be faxed or emailed to you when the payment is forwarded to the Finance Office for payment. Typically payments are processed and in the mail within thirty working days after receipt.

Fire Management Assistance Grant Program

PROCESS

FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM

APPLICANT CHECKLIST Name of Fire (Incident Period)

✓	Form	Deadline / Requirements	Where More Information Can Be Found in the Applicant Manual
	Request for Fire Management Assistance Subgrant	Deadline: 25 days after close of the incident period	Page 9; form is in Appendix C, page 52 (FEMA Form 90-133)
	Designation of Applicant Agent	Submit when you apply for assistance	Page 9; form is in Appendix C, page 37 (State Form)
	State Fire Management Assistance Grant Application	Necessary for funding with the state; submit as soon as possible	Page 10; form is in Appendix C, page 56 (State Form – FMAGP-001)
	State Agreement/Contract	Necessary to receive federal funds from state; two copies of the agreement sent with cover letter and any attachments	Page 10 (State agreement)
	Signature Authorization	Required by State Contracting Office	Page 10; form is in Appendix C, page 53
	Debarment, Suspension, Ineligibility or Voluntary Exclusion Certification Form	Necessary for receiving federal funds; submit as soon as possible	Page 10; form is in Appendix C, page 35
	Project Worksheet (PW)	Will be prepared by the federal/state team, after receipt and review of the final costs claimed form	Page 13; form is in Appendix C, page 31 (FEMA Form 009-0-7) (Applicant does not use this form)
	A-19-1A Invoice Voucher (Payment)	Upon FEMA's project funding approval for a PW, you will be sent a completed A-19-1A for signature to request payment	Page 14; form is in Appendix C, page 45 (State Form)

FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM “BEFORE THE NEXT FIRE”

DEADLINES TO REMEMBER...

Within:

- * 30 days of the Incident Period: Applicants must submit their initial request for a Fire Management assistance Subgrant to EMD. EMD must collate and submit these requests for FEMA within 30 days.
- * Four Months of Incident Period: Applicants must submit their cost estimate and cost summary spreadsheet to EMD. The FEMA/State team will visit to review costs and then prepare Project Worksheet(s) based upon these claimed costs.
- * Six Months of Incident Period: All costs must be finalized and the supporting documentation provided to EMD. EMD will submit the final application package to FEMA with the PWs and supporting documentation.
- * Twelve months of end of the Incident Period: The fire must be closed. This means all applicants reimbursed, their application closed, and the fire closed.

FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM “BEFORE THE FIRE”

GENERAL POINTS TO REMEMBER:

- * Incident Period: Includes start and stop times in addition to the dates.
- * Labor / Benefit Costs:
 - ✓ Regular time backfill is not eligible. Overtime backfill is eligible.
 - ✓ Overtime labor and benefit costs are an eligible Category B cost for your personnel, whether permanent or reassigned. Regular time is not eligible. Compensatory or exchange time is eligible with supporting policies or union contracts.
 - ✓ Regular and overtime labor and benefit costs are an eligible Category B or H for temporary hires or contracted labor.
- * Donated Resources: may reduce the amount of your 25% non-federal share. Donated Resources includes volunteer time, donated equipment, and donated materials. Track when your volunteers started and when they stopped, and what they did. For equipment and materials, ask the provider for the amount they would have charged.
- * Administrative Costs: Subgrantees (applicants) may claim direct administrative costs for extraordinary costs associated with requesting, obtaining, and administering a subgrant. This includes regular and overtime pay and travel expenses for permanent, reassigned, temporary, and contract employees. You must be able to directly report the costs to the specific fire. This is usually best achieved through a separate budget code that is assigned to the fire. Subgrantee indirect administrative costs are not eligible.
- * Applicant’s Agent: All applicants must designate an Applicant’s Agent to act on behalf of the organization. We recommend you also appoint an alternate. EMD will provide you with this information.
- * Prepare for FEMA/EMD Team: A FEMA/EMD team will visit each applicant to review the claimed costs and supporting documentation.

The team will look at all documentation to support your claimed costs. –

- ✓ random sampling of timesheets for force account labor
- ✓ all vendor invoices and vouchers
- ✓ spreadsheets that summarize and/or detail your costs (labor & equipment lists)
- ✓ financial reports that support your costs
- ✓ personnel policies regarding overtime pay
- ✓ sample cost-share agreements and any addendums, mutual aid agreements
- ✓ a sample vendor contract

APPENDIX E

APPLICABLE STAFFORD ACT PROVISIONS APPENDIX E – APPLICABLE STAFFORD ACT PROVISIONS

APPENDIX E – APPLICABLE STAFFORD ACT PROVISIONS

Applicable Stafford Act Provisions:

- Section 403
{403} 5170b. Essential Assistance

(a) In general

Federal agencies may on the direction of the President, provide assistance essential to meeting immediate threats to life and property resulting from a major disaster, as follows:

(1) Federal resources, generally

Utilizing, lending, or donating to State and local governments, Federal equipment, supplies, facilities, personnel, and other resources, other than the extension of credit, for use or distribution by such governments in accordance with the purposes of this Act.

(2) Medicine, food, and other consumables

Distributing or rendering through State and local governments, the American National Red Cross, the Salvation Army, the Mennonite Disaster Service, and other relief and disaster assistance organizations medicine, food, and other consumable supplies, and other services and assistance to disaster victims.

(3) Work and services to save lives and protect property

Performing on public or private lands or waters any work or services essential to saving lives and protecting and preserving property or public health and safety, including--

(A) debris removal;

(B) search and rescue, emergency medical care, emergency mass care, emergency shelter, and provision of food, water, medicine, and other essential needs, including movement of supplies or persons;

(C) clearance of roads and construction of temporary bridges necessary to the performance of emergency tasks and essential community services;

(D) provision of temporary facilities for schools and other essential community services;

(E) demolition of unsafe structures which endanger the public;

- (F) warning of further risks and hazards;
- (G) dissemination of public information and assistance regarding health and safety measures;
- (H) provision of technical advice to State and local governments on disaster management and control; and
- (I) reduction of immediate threats to life, property, and public health and safety.

(4) Contributions

- (a) Making contributions to State or local governments or owners or operators of private nonprofit facilities for the purpose of carrying out the provisions of this subsection.
- (b) Federal share

The Federal share of assistance under this section shall be not less than 75 percent of the eligible cost of such assistance.

- (c) Utilization of DOD resources

(1) General rule

During the immediate aftermath of an incident which may ultimately qualify for assistance under this title or title V of this Act [42 U.S.C. 5170 et seq. or 5191 et seq.], the Governor of the State in which such incident occurred may request the President to direct the Secretary of Defense to utilize the resources of the Department of Defense for the purpose of performing on public and private lands any emergency work which is made necessary by such incident and which is essential for the preservation of life and property. If the President determines that such work is essential for the preservation of life and property, the President shall grant such request to the extent the President determines practicable. Such emergency work may only be carried out for a period not to exceed 10 days.

(2) Rules applicable to debris removal

Any removal of debris and wreckage carried out under this subsection shall be subject to section 5173(b) of this title [42 U.S.C. 5173(b)], relating to unconditional authorization and indemnification for debris removal.

(3) Expenditures out of disaster relief funds

The cost of any assistance provided pursuant to this subsection shall be reimbursed out of funds made available to carry out this Act.

(4) Federal share

The Federal share of assistance under this subsection shall be not less than 75 percent.

(5) Guidelines

Not later than 180 days after the date of the enactment of the Disaster Relief and Emergency Assistance Amendments of 1988 [enacted Nov. 23, 1988], the President shall issue guidelines for carrying out this subsection. Such guidelines shall consider any likely effect assistance under this subsection will have on the availability of other forms of assistance under this Act.

(6) Definitions

For purposes of this section—

(A) Department of Defense

The term 'Department of Defense' has the same meaning as the term "department" under section 101 of title 10, United States Code.

(B) Emergency work

The term "emergency work" includes clearance and removal of debris and wreckage and temporary restoration of essential public facilities and services.

- Section 420

{420} Fire Management Assistance

- a) IN GENERAL – The President is authorized to provide assistance, including grants, equipment, supplies, and personnel, to any State or local government for the mitigation, management, and control of any fire on public or private forest land or grassland that threatens such destruction as would constitute a major disaster.

(b) COORDINATION WITH STATE AND TRIBAL DEPARTMENTS OF

FORESTRY – In providing assistance under this section, the President shall coordinate with State and tribal departments of forestry.

- (c) ESSENTIAL ASSISTANCE – In providing assistance under this section, the President may use the authority provided under section 403.
- (d) RULES AND REGULATIONS – The President shall prescribe such rules and regulations as are necessary to carry out this section.
- (e) EFFECTIVE DATE – The amendment made by subsection (a) takes effect 1 year after the date of the enactment of this Act.

APPENDIX F
FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM
44 CFR Part 204

Title 44: Emergency Management and Assistance
PART 204—FIRE MANAGEMENT ASSISTANCE GRANT PROGRAM

Subpart A—General

- 204.1 Purpose.
- 204.2 Scope.
- 204.3 Definitions used throughout this part.
- 204.4-204.20 [Reserved]

Subpart B—Declaration Process

- 204.21 Fire management assistance declaration criteria.
- 204.22 Submitting a request for a fire management assistance declaration.
- 204.23 Processing a request for a fire management assistance declaration.
- 204.24 Determination on request for a fire management assistance declaration.
- 204.25 FEMA–State agreement for fire management assistance grant program.
- 204.26 Appeal of fire management assistance declaration denial.
- 204.27-204.40 [Reserved]

Subpart C—Eligibility

- 204.41 Applicant eligibility.
- 204.42 Eligible costs.
- 204.43 Ineligible costs.
- 204.44-204.50 [Reserved]

Subpart D—Application Procedures

- 204.51 Application and approval procedures for a fire management assistance grant.
- 204.52 Application and approval procedures for a subgrant under a fire management assistance grant.
- 204.53 Certifying costs and payments.
- 204.54 Appeals.
- 204.55-204.60 [Reserved]

Subpart E—Grant Administration

- 204.61 Cost share.
- 204.62 Duplication and recovery of assistance.
- 204.63 Allowable costs.
- 204.64 Reporting and audit requirements

Authority: Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5206; Reorganization Plan No. 3 of 1978, 43 FR 41943, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376; E.O. 12148, 44 FR 43239, 3 CFR, 1979 Comp., p. 412; and E.O. 12673, 54 FR 12571, 3 CFR, 1989 Comp., p. 214.

Source: 66 FR 57347, Nov. 14, 2001, unless otherwise noted.

Subpart A—General

204.1 Purpose.

This part provides information on the procedures for the declaration and grants management processes for the Fire Management Assistance Grant Program in accordance with the provisions of section 420 of the Stafford Act. This part also details applicant eligibility and the eligibility of costs to be considered under the program. We (FEMA) will actively work with State and Tribal emergency managers and foresters on the efficient delivery of fire management assistance as directed by this part.

204.2 Scope.

This part is intended for those individuals responsible for requesting declarations and administering grants under the Fire Management Assistance Grant Program, as well as those applying for assistance under the program.

204.3 Definitions used throughout this part.

Applicant. A State or Indian tribal government submitting an application to us for a fire management assistance grant, or a State, local, or Indian tribal government submitting an application to the Grantee for a subgrant under an approved fire management assistance grant.

Associate Director. The Associate Director or Assistant Director, as applicable, of the Readiness, Response and Recovery Directorate of FEMA, or his/her designated representative.

Declared fire. An uncontrolled fire or fire complex, threatening such destruction as would constitute a major disaster, which the Associate Director has approved in response to a State's request for a fire management assistance declaration and in accordance with the criteria listed in §204.21.

Demobilization. The process and procedures for deactivating, disassembling, and transporting back to their point of origin all resources that had been provided to respond to and support a declared fire.

FEMA Form 009-0-0-7. See Project Worksheet.

Fire complex. Two or more individual fires located in the same general area, which are assigned to a single Incident Commander.

Governor's Authorized Representative (GAR). The person empowered by the Governor to execute, on behalf of the State, all necessary documents for fire management assistance, including the request for a fire management assistance declaration.

Grant. An award of financial assistance, including cooperative agreements, by FEMA to an eligible Grantee. The grant award will be based on the projected amount of total eligible costs for which a State submits an application and that FEMA approves related to a declared fire.

Grantee. The Grantee is the government to which a grant is awarded which is accountable for the use of the funds provided. The Grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document. Generally, the State, as designated in the FEMA-State Agreement for the Fire Management Assistance Grant Program, is the Grantee. However, after a declaration, an Indian tribal government may choose to be a Grantee, or it may act as a subgrantee under the State. An Indian tribal government acting as Grantee will assume the responsibilities of a “state”, as described in this Part, for the purpose of administering the grant.

Hazard mitigation plan. A plan to develop actions the State, local, or tribal government will take to reduce the risk to people and property from all hazards. The intent of hazard mitigation planning under the Fire Management Assistance Grant Program is to identify wildfire hazards and cost-effective mitigation alternatives that produce long-term benefits. We address mitigation of fire hazards as part of the State's comprehensive Mitigation Plan, described in 44 CFR part 201.

Incident commander. The ranking official responsible for overseeing the management of fire operations, planning, logistics, and finances of the field response.

Incident period. The time interval during which the declared fire occurs. The Regional Director, in consultation with the Governor's Authorized Representative and the Principal Advisor, will establish the incident period. Generally, costs must be incurred during the incident period to be considered eligible.

Indian tribal government. An Indian tribal government is any Federally recognized governing body of an Indian or Alaska Native tribe, band, nation, pueblo, village, or community that the Secretary of Interior acknowledges to exist as an Indian tribe under the Federally Recognized Tribe List Act of 1994, 25 U.S.C. 479a. This does not include Alaska Native corporations, the ownership of which is vested in private individuals.

Individual assistance. Supplementary Federal assistance provided under the Stafford Act to individuals and families adversely affected by a major disaster or an emergency. Such assistance may be provided directly by the Federal Government or through State or local governments or disaster relief organizations. For further information, see subparts D, E, and F of part 206.

Local government. A local government is any county, municipality, city, town, township, public authority, school district, special district, intrastate district, council of governments (regardless of whether the council of governments is incorporated as a nonprofit corporation under State law), regional or interstate government entity, or agency or instrumentality of a local government; any Indian tribal government or authorized tribal organization, or Alaska Native village or organization; and any rural community, unincorporated town or village, or other public entity, for which an application for assistance is made by a State or political subdivision of a State.

Mitigation, management, and control. Those activities undertaken, generally during the incident period of a declared fire, to minimize immediate adverse effects and to manage and control the fire. Eligible activities may include associated emergency work and pre-positioning directly related to the declared fire.

Mobilization. The process and procedures used for activating, assembling, and transporting all resources that the Grantee requested to respond to support a declared fire.

Performance period. The time interval designated in block 13 on the Application for Federal Assistance (Standard Form 424) for the Grantee and all subgrantees to submit eligible costs and have those costs processed, obligated, and closed out by FEMA.

Pre-positioning. Moving existing fire prevention or suppression resources from an area of lower fire danger to one of higher fire danger in anticipation of an increase in fire activity likely to constitute the threat of a major disaster.

Principal advisor. An individual appointed by the Forest Service, United States Department of Agriculture, or Bureau of Land Management, Department of the Interior, who is responsible for providing FEMA with a technical assessment of the fire or fire complex for which a State is requesting a fire management assistance declaration. The Principal Advisor also frequently participates with FEMA on other wildland fire initiatives.

Project worksheet. FEMA Form 009-0-0-7, which identifies actual costs incurred by eligible applicants as a result of the eligible firefighting activities.

Public assistance. Supplementary Federal assistance provided under the Stafford Act to State and local governments or certain private, nonprofit organizations for eligible emergency measures and repair, restoration, and replacement of damaged facilities. For further information, see Subparts G and H of Part 206.

Regional Director. A director of a regional office of FEMA, or his/her designated representative.

Request for Federal Assistance. See Standard Form (SF) 424.

Standard Form (SF) 424. The SF 424 is the Request for Federal Assistance. This is the form the State submits to apply for a grant under a fire management assistance declaration.

Subgrant. An award of financial assistance under a grant by a Grantee to an eligible subgrantee.

Subgrantee. An applicant that is awarded a subgrant and is accountable to the Grantee for the use of grant funding provided.

Threat of a major disaster. The potential impact of the fire or fire complex is of a severity and magnitude that would result in a presidential major disaster declaration for the Public Assistance Program, the Individual Assistance Program, or both.

Uncontrolled fire. Any fire not safely confined to predetermined control lines as established by firefighting resources.

We, our, us mean FEMA.

[66 FR 57347, Nov. 14, 2001, as amended at 68 FR 61370, Oct. 28, 2003]

204.4-204.20 [Reserved]

Subpart B—Declaration Process

204.21 Fire management assistance declaration criteria.

(a) *Determinations.* We will approve declarations for fire management assistance when the Associate Director determines that a fire or fire complex threatens such destruction as would constitute a major disaster.

(b) *Evaluation criteria.* We will evaluate the threat posed by a fire or fire complex based on consideration of the following specific criteria:

- (1) Threat to lives and improved property, including threats to critical facilities/infrastructure, and critical watershed areas;
- (2) Availability of State and local firefighting resources;
- (3) High fire danger conditions, as indicated by nationally accepted indices such as the National Fire Danger Ratings System;
- (4) Potential major economic impact.

204.22 Submitting a request for a fire management assistance declaration.

The Governor of a State, or the Governor's Authorized Representative (GAR), may submit a request for a fire management assistance declaration. The request must be submitted while the fire is burning uncontrolled and threatens such destruction as would constitute a major disaster. The request must be submitted to the Regional Director and should address the relevant criteria listed in §204.21, with supporting documentation that contains factual data and professional estimates on the fire or fire complex. To ensure that we can process a State's request for a fire management assistance declaration as expeditiously as possible, the State should transmit the request by telephone, promptly followed by written documentation (FEMA Form 078-0-1).

204.23 Processing a request for a fire management assistance declaration.

(a) In processing a State's request for a fire management assistance declaration, the Regional Director, in coordination with the Principal Advisor, will verify the information submitted in the State's request.

(b) The Regional Director will then forward the State's request to the Associate Director for determination along with the Principal Advisor's Assessment and the Regional Summary.

(1) *Principal Advisor's assessment.* The Principal Advisor, at the request of the Regional Director, is responsible for providing us with a technical assessment of the fire or fire complex for which the State is requesting a fire management assistance declaration. The Principal Advisor may consult with State agencies, usually emergency management or forestry, as well as the Incident Commander, in order to provide us with an accurate assessment.

(2) *Regional summary and recommendation.* Upon obtaining all necessary information on the fire or fire complex from the State and the Principal Advisor, the Regional Director will provide the Associate Director with a summary and recommendation to accompany the State's request. The summary and recommendation should include a discussion of the threat of a major disaster.

204.24 Determination on request for a fire management assistance declaration.

The Associate Director will review all information submitted in the State's request along with the Principal Advisor's assessment and Regional summary and render a determination. The determination will be based on the conditions of the fire or fire complex existing at the time of the State's request. When possible, the Associate Director will evaluate the request and make a determination within several hours. Once the Associate Director makes a determination, the Associate Director will promptly notify the Regional Director. The Regional Director will then inform the State of the determination.

204.25 FEMA–State agreement for fire management assistance grant program.

(a) After a State's request for a fire management assistance declaration has been approved, the Governor and Regional Director will enter into a standing FEMA–State Agreement (the Agreement) for the declared fire and for future declared fires in that calendar year. The State must have a signed and up-to-date FEMA–State Agreement before receiving Federal funding for fire management assistance grants. FEMA will provide no funding absent a signed and up-to-date Agreement. An Indian tribal government serving as Grantee, must sign a FEMA–Tribal Agreement, modeled upon the FEMA–State Agreement.

(b) The Agreement states the understandings, commitments, and conditions under which we will provide Federal assistance, including the cost share provision and articles of agreement necessary for the administration of grants approved under fire management assistance declarations. The Agreement must also identify the State legislative authority for firefighting, as well as the State's compliance with the laws, regulations, and other provisions applicable to the Fire Management Assistance Grant Program.

(c) For each subsequently declared fire within the calendar year, the parties must add a properly executed amendment, which defines the incident period and contains the official declaration number. Other amendments modifying the standing Agreement may be added throughout the year to reflect changes in the program or signatory parties.

204.26 Appeal of fire management assistance declaration denial.

(a) *Submitting an appeal.* When we deny a State's request for a fire management assistance declaration, the Governor or GAR may appeal the decision in writing within 30 days after the date of the letter denying the request. The State should submit this one-time request for reconsideration in writing, with appropriate additional information, to the Associate Director through the Regional Director. The Associate Director will notify the State of his/her determination on the appeal, in writing, within 90 days of receipt of the appeal or the receipt of additional requested information.

(b) *Requesting a time-extension.* The Associate Director may extend the 30-day period provided that the Governor or the GAR submits a written request for such an extension within the 30-day period. The Associate Director will evaluate the need for an extension based on the reasons cited in the request and either approve or deny the request for an extension.

204.27-204.40 [Reserved]

Subpart C—Eligibility

204.41 Applicant eligibility.

(a) The following entities are eligible to apply through a State Grantee for a subgrant under an approved fire management assistance grant:

- (1) State agencies;
- (2) Local governments; and
- (3) Indian tribal governments.

(b) Entities that are not eligible to apply for a subgrant as identified in (a), such as privately owned entities and volunteer firefighting organizations, may be reimbursed through a contract or compact with an eligible applicant for eligible costs associated with the fire or fire complex.

(c) Eligibility is contingent upon a finding that the Incident Commander or comparable State official requested the applying entity's resources.

(d) The activities performed must be the legal responsibility of the applying entity, required as the result of the declared fire, and located within the designated area.

204.42 Eligible costs.

(a) *General.* (1) All eligible work and related costs must be associated with the incident period of a declared fire.

(2) Before obligating Federal funds the Regional Director must review and approve the initial grant application, along with Project Worksheets submitted with the application and any subsequent amendments to the application.

(3) Grantees will award Federal funds to subgrantees under State law and procedure and complying with 44 CFR part 13.

(b) *Equipment and supplies.* Eligible costs include:

(1) Personal comfort and safety items normally provided by the State under field conditions for firefighter health and safety, including:

(2) Firefighting supplies, tools, materials, expended or lost, to the extent not covered by reasonable insurance, will be replaced with comparable items.

- (3) Operation and maintenance costs of publicly owned, contracted, rented, or volunteer firefighting department equipment used in eligible firefighting activities to the extent any of these costs are not included in applicable equipment rates.
- (4) Use of U.S. Government-owned equipment based on reasonable costs as billed by the Federal agency and paid by the State. (Only direct costs for use of Federal Excess Personal Property (FEPP) vehicles and equipment on loan to State Forestry and local cooperators may be eligible.)
- (5) Repair of equipment damaged in firefighting activities to the extent not covered by reasonable insurance. We will use the lowest applicable equipment rates, or other rates that we determine, to calculate the eligible cost of repairs.
- (6) Replacement of equipment lost or destroyed in firefighting activities, to the extent not covered by reasonable insurance, will be replaced with comparable equipment.
- (c) *Labor costs.* Eligible costs include:
- (1) Overtime for permanent or reassigned State and local employees.
- (2) Regular time and overtime for temporary and contract employees hired to perform fire-related activities.
- (d) *Travel and per diem costs.* Eligible costs include:
- (1) Travel and per diem of employees who are providing services directly associated with eligible fire-related activities may be eligible.
- (2) Provision of field camps and meals when made available in place of per diem;
- (e) *Pre-positioning costs.* (1) The actual costs of pre-positioning Federal, out-of-State (including compact), and international resources for a limited period may be eligible when those resources are used in response to a declared fire.
- (2) The Regional Director must approve all pre-positioning costs.
- (i) Upon approval of a State's request for a fire management assistance declaration by the Associate Director, the State should immediately notify the Regional Director of its intention to seek funding for pre-positioning resources.
- (ii) The State must document the number of pre-positioned resources to be funded and their respective locations throughout the State, estimate the cost of the pre-positioned resources that were used on the declared fire and the amount of time the resources were pre-positioned, and provide a detailed explanation of the need to fund the pre-positioned resources .
- (iii) The State will base the detailed explanation on recognized scientific indicators, that include, but are not limited to, drought indices, short-term weather forecasts, the current number of fires burning in the State, and the availability of in-State firefighting resources. The State may also include other quantitative indicators with which to measure the increased risk of the threat of a major disaster.
- (iv) Based on the information contained in the State's notification, the Regional Director will determine the number of days of pre-positioning to be approved for Federal funding, up to a maximum of 21 days before the fire declaration.
- (3) Upon rendering his/her determination on pre-positioning costs, the Regional Director will notify the Associate Director of his/her determination.
- (f) *Emergency work.* We may authorize the use of section 403 of the Stafford Act, Essential Assistance, under an approved fire management assistance grant when directly related to the mitigation, management, and control of the declared fire. Essential assistance activities that may be eligible include, but are not limited to, police barricading and traffic control, extraordinary emergency operations center expenses, evacuations and sheltering, search and rescue, arson investigation teams, public information, and the limited removal of trees that pose a threat to the general public.

(g) *Temporary repair of damage caused by firefighting activities.* Temporary repair of damage caused by eligible firefighting activities listed in this subpart involves short-term actions to repair damage directly caused by the firefighting effort or activities. This includes minimal repairs to bulldozer lines, camps, and staging areas to address safety concerns; as well as minimal repairs to facilities damaged by the firefighting activities such as fences, buildings, bridges, roads, etc. All temporary repair work must be completed within thirty days of the close of the incident period for the declared fire.

(h) *Mobilization and demobilization.* Costs for mobilization to, and demobilization from, a declared fire may be eligible for reimbursement. Demobilization may be claimed at a delayed date if deployment involved one or more declared fires. If resources are being used on more than one declared fire, mobilization and demobilization costs must be claimed against the first declared fire.

(i) *Fires on co-mingled Federal/State lands.* Reasonable costs for the mitigation, management, and control of a declared fire burning on co-mingled Federal and State land may be eligible in cases where the State has a responsibility for suppression activities under an agreement to perform such action on a non-reimbursable basis. (This provision is an exception to normal FEMA policy under the Stafford Act and is intended to accommodate only those rare instances that involve State firefighting on a Stafford Act section 420 fire incident involving co-mingled Federal/State and privately-owned forest or grassland.)

204.43 Ineligible costs.

Costs not directly associated with the incident period are ineligible. Ineligible costs include the following:

- (a) Costs incurred in the mitigation, management, and control of undeclared fires;
- (b) Costs related to planning, pre-suppression (*i.e.*, cutting fire-breaks without the presence of an imminent threat, training, road widening, and other similar activities), and recovery (*i.e.*, land rehabilitation activities, such as seeding, planting operations, and erosion control, or the salvage of timber and other materials, and restoration of facilities damaged by fire);
- (c) Costs for the straight or regular time salaries and benefits of a subgrantee's permanently employed or reassigned personnel;
- (d) Costs for mitigation, management, and control of a declared fire on co-mingled Federal land when such costs are reimbursable to the State by a Federal agency under another statute (See 44 CFR part 51);
- (e) Fires fought on Federal land are generally the responsibility of the Federal Agency that owns or manages the land. Costs incurred while fighting fires on federally owned land are not eligible under the Fire Management Assistance Grant Program except as noted in §204.42(i).

204.44-204.50 [Reserved]

Subpart D—Application Procedures

204.51 Application and approval procedures for a fire management assistance grant.

(a) *Preparing and submitting an application.* (1) After the approval of a fire management assistance declaration, the State may submit an application package for a grant to the Regional Director. The application package must include the SF 424 (Request for Federal Assistance) and

FEMA Form 20-16a (Summary of Assurances—Non-construction Programs), as well as supporting documentation for the budget.

(2) The State should submit its grant application within 9 months of the declaration. Upon receipt of the written request from the State, the Regional Director may grant an extension for up to 3 months. The State's request must include a justification for the extension.

(b) *Fire cost threshold.* (1) We will approve the initial grant award to the State when we determine that the State's application demonstrates either of the following:

(i) Total eligible costs for the declared fire meet or exceed the individual fire cost threshold; or

(ii) Total costs of all declared and non-declared fires for which a State has assumed responsibility in a given calendar year meet the cumulative fire cost threshold.

(2) The individual fire cost threshold for a State is the greater of the following:

(i) \$100,000; or

(ii) Five percent \times \$1.07 \times the State population, adjusted annually for inflation using the Consumer Price Index for All Urban Consumers published annually by the Department of Labor.

(3) The cumulative fire cost threshold for a State is the greater of the following:

(i) \$500,000; or

(ii) Three times the five percent \times \$1.07 \times the State population as described in §204.51(b)(2)(ii).

(4) States must document the total eligible costs for a declared fire on Project Worksheets, which they must submit with the grant application.

(5) We will not consider the costs of pre-positioning resources for the purposes of determining whether the grant application meets the fire cost threshold.

(6) When the State's total eligible costs associated with the fire management assistance declaration meet or exceed the fire cost threshold eligible costs will be cost shared in accordance with §204.61.

(c) *Approval of the State's grant application.* The Regional Director has 45 days from receipt the State's grant application or an amendment to the State's grant application, including attached supporting Project Worksheet(s), to review and approve or deny the grant application or amendment; or to notify the Grantee of a delay in processing funding.

(d) *Obligation of the grant.* Before we approve the State's grant application, the State must have an up-to-date State Administrative Plan and a Hazard Mitigation Plan that has been reviewed and approved by the Regional Director. Once these plans are approved by the Regional Director, the State's grant application may be approved and we may begin to obligate the Federal share of funding for subgrants to the Grantee.

(1) *State administrative plan.* (i) The State must develop an Administrative Plan (or have a current Administrative Plan on file with FEMA) that describes the procedures for the administration of the Fire Management Assistance Grant Program. The Plan will include, at a minimum, the items listed below:

(A) The designation of the State agency or agencies which will have responsibility for program administration.

(B) The identification of staffing functions for the Fire Management Assistance Program, the sources of staff to fill these functions, and the management and oversight responsibilities of each.

(C) The procedures for:

(1) Notifying potential applicants of the availability of the program;

(2) Assisting FEMA in determining applicant eligibility;

(3) Submitting and reviewing subgrant applications;

(4) Processing payment for subgrants;

(5) Submitting, reviewing, and accepting subgrant performance and financial reports;

- (6) Monitoring, close-out, and audit and reconciliation of subgrants;
 - (7) Recovering funds for disallowed costs;
 - (8) Processing appeal requests and requests for time extensions; and
 - (9) Providing technical assistance to applicants and subgrant recipients, including briefings for potential applicants and materials on the application procedures, program eligibility guidance and program deadlines.
 - (ii) The Grantee may request the Regional Director to provide technical assistance in the preparation of the State Administrative Plan.
 - (2) *Hazard Mitigation Plan.* As a requirement of receiving funding under a fire management assistance grant, a State, or tribal organization, acting as Grantee, must:
 - (i) Develop a Mitigation Plan in accordance with 44 CFR part 201 that addresses wildfire risks and mitigation measures; or
 - (ii) Incorporate wildfire mitigation into the existing Mitigation Plan developed and approved under 44 CFR part 201 that also addresses wildfire risk and contains a wildfire mitigation strategy and related mitigation initiatives.
- [66 FR 57347, Nov. 14, 2001, as amended at 68 FR 61371, Oct. 28, 2003]

204.52 Application and approval procedures for a subgrant under a fire management assistance grant.

- (a) *Request for Fire Management Assistance.* (1) State, local, and tribal governments interested in applying for subgrants under an approved fire management assistance grant must submit a Request for Fire Management Assistance to the Grantee in accordance with State procedures and within timelines set by the Grantee, but no longer than 30 days after the close of the incident period.
- (2) The Grantee will review and forward the Request to the Regional Director for final review and determination. The Grantee may also forward a recommendation for approval of the Request to the Regional Director when appropriate.
- (3) The Regional Director will approve or deny the request based on the eligibility requirements outlined in §204.41.
- (4) The Regional Director will notify the Grantee of his/her determination; the Grantee will inform the applicant.
- (b) *Preparing a Project Worksheet.* (1) Once the Regional Director approves an applicant's Request for Fire Management Assistance, the Regional Director's staff may begin to work with the Grantee and local staff to prepare Project Worksheets (FEMA Form 90–91).
- (2) The Regional Director may request the Principal Advisor to assist in the preparation of Project Worksheets.
- (3) The State will be the primary contact for transactions with and on behalf of the applicant.
- (c) *Submitting a Project Worksheet.* (1) Applicants should submit all Project Worksheets through the Grantee for approval and transmittal to the Regional Director as amendments to the State's application.
- (2) The Grantee will determine the deadline for an applicant to submit completed Project Worksheets, but the deadline must be no later than six months from close of the incident period.
- (3) At the request of the Grantee, the Regional Director may grant an extension of up to three months. The Grantee must include a justification in its request for an extension.
- (4) Project Worksheets will not be accepted after the deadline and extension specified in paragraphs (c)(2) and (c)(3) of this section has expired.

(5) *\$1,000 Project Worksheet minimum.* When the costs reported are less than \$1,000, that work is not eligible and we will not approve that Project Worksheet.

204.53 Certifying costs and payments.

(a) By submitting applicants' Project Worksheets to us, the Grantee is certifying that all costs reported on applicant Project Worksheets were incurred for work that was performed in compliance with FEMA laws, regulations, policy and guidance applicable to the Fire Management Assistance Grant Program, as well as with the terms and conditions outlined for the administration of the grant in the FEMA-State Agreement for the Fire Management Assistance Grant Program.

(b) Advancement/Reimbursement for State grant costs will be processed as follows:

- (1) Through the U.S. Department of Health and Human Services SMARTLINK system; and
- (2) In compliance with 44 CFR 13.21 and U. S. Treasury 31 CFR part 205, Cash Management Improvement Act.

204.54 Appeals.

An eligible applicant, subgrantee, or grantee may appeal any determination we make related to an application for the provision of Federal assistance according to the procedures below.

(a) *Format and content.* The applicant or subgrantee will make the appeal in writing through the grantee to the Regional Director. The grantee will review and evaluate all subgrantee appeals before submission to the Regional Director. The grantee may make grantee-related appeals to the Regional Director. The appeal will contain documented justification supporting the appellant's position, specifying the monetary figure in dispute and the provisions in Federal law, regulation, or policy with which the appellant believes the initial action was inconsistent.

(b) *Levels of appeal.* (1) The Regional Director will consider first appeals for fire management assistance grant-related decisions under subparts A through E of this part.

(2) The Associate Director will consider appeals of the Regional Director's decision on any first appeal under paragraph (b)(1) of this section.

(c) *Time limits.* (1) Appellants must file appeals within 60 days after receipt of a notice of the action that is being appealed.

(2) The grantee will review and forward appeals from an applicant or subgrantee, with a written recommendation, to the Regional Director within 60 days of receipt.

(3) Within 90 days following receipt of an appeal, the Regional Director (for first appeals) or Associate Director (for second appeals) will notify the grantee in writing of the disposition of the appeal or of the need for additional information. A request by the Regional Director or Associate Director for additional information will include a date by which the information must be provided. Within 90 days following the receipt of the requested additional information or following expiration of the period for providing the information, the Regional Director or Associate Director will notify the grantee in writing of the disposition of the appeal. If the decision is to grant the appeal, the Regional Director will take appropriate implementing action.

(d) *Technical advice.* In appeals involving highly technical issues, the Regional Director or Associate Director may, at his or her discretion, submit the appeal to an independent scientific or technical person or group having expertise in the subject matter of the appeal for advice or recommendation. The period for this technical review may be in addition to other allotted time periods. Within 90 days of receipt of the report, the Regional Director or Associate Director will

notify the grantee in writing of the disposition of the appeal.

(e) The decision of the Associate Director at the second appeal level will be the final administrative decision of FEMA.

204.55-204.60 [Reserved]

Subpart E—Grant Administration

204.61 Cost share.

(a) All fire management assistance grants are subject to a cost share. The Federal cost share for fire management assistance grants is seventy-five percent (75%).

(b) As stated in §204.25, the cost share provision will be outlined in the terms and conditions of the FEMA-State Agreement for the Fire Management Assistance Grant Program.

204.62 Duplication and recovery of assistance.

(a) *Duplication of benefits.* We provide supplementary assistance under the Stafford Act, which generally may not duplicate benefits received by or available to the applicant from insurance, other assistance programs, legal awards, or any other source to address the same purpose. An applicant must notify us of all benefits that it receives or anticipates from other sources for the same purpose, and must seek all such benefits available to them. We will reduce the grant by the amounts available for the same purpose from another source. We may provide assistance under this Part when other benefits are available to an applicant, but the applicant will be liable to us for any duplicative amounts that it receives or has available to it from other sources, and must repay us for such amounts.

(b) *Duplication of programs.* We will not provide assistance under this part for activities for which another Federal agency has more specific or primary authority to provide assistance for the same purpose. We may disallow or recoup amounts that fall within another Federal agency's authority. We may provide assistance under this part, but the applicant must agree to seek assistance from the appropriate Federal agency and to repay us for amounts that are within another Agency's authority.

(c) *Negligence.* We will provide no assistance to an applicant for costs attributable to applicant's own negligence. If the applicant suspects negligence by a third party for causing a condition for which we made assistance available under this Part, the applicant is responsible for taking all reasonable steps to recover all costs attributable to the negligence of the third party. We generally consider such amounts to be duplicated benefits available to the Grantee or subgrantee, and will treat them consistent with (a) of this section.

(d) *Intentional acts.* Any person who intentionally causes a condition for which assistance is provided under this part shall be liable to the United States to the extent that we incur costs attributable to the intentional act or omission that caused the condition. We may provide assistance under this part, but it will be conditioned on an agreement by the applicant to cooperate with us in efforts to recover the cost of the assistance from the liable party. A person shall not be liable under this section as a result of actions the person takes or omits in the course of rendering care or assistance in response to the fire.

204.63 Allowable costs.

44 CFR 13.22 establishes general policies for determining allowable costs.

(a) We will reimburse direct costs for the administration of a fire management assistance grant under 44 CFR part 13.

(b) We will reimburse indirect costs for the administration of a fire management assistance grant in compliance with the Grantee's approved indirect cost rate under OMB Circular A-87.

204.64 Reporting and audit requirements

(a) *Reporting.* Within 90-days of the Performance Period expiration date, the State will submit a final Financial Status Report (FEMA Form 20-10), which reports all costs incurred within the incident period and all administrative costs incurred within the performance period; and

(b) *Audit.* (1) Audits will be performed, for both the Grantee and the subgrantees, under 44 CFR 13.26.

(2) FEMA may elect to conduct a program-specific Federal audit on the Fire Management Assistance Grant or a subgrant.

APPENDIX G
DONATED RESOURCES
FEMA Policy 9525.2

Donated Resources

Disaster Assistance Policy 9525.2

I. TITLE: Donated Resources

II. DATE OF ISSUANCE: February 26, 2014

III. PURPOSE: Establish the criteria by which applicants will be credited for volunteer labor, donated equipment, and donated materials used in the performance of eligible emergency work – Categories A and B.

IV. SCOPE AND EXTERNAL AUDIENCE: This policy is applicable to all major disasters and emergencies declared on or after the publication date of this policy. The policy is intended for all personnel involved in the administration of the Public Assistance Program.

V. AUTHORITY: Sections 403(a), **Essential Assistance** and 502, **Federal Emergency Assistance**, of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5121 – 5206, as amended, and Title 44 Code of Federal Regulations (CFR) §13.24, **Matching or cost sharing** and OMB Circular A-87.

VI. POLICY: Donated resources used on eligible work that is essential to meeting immediate threats to life and property resulting from a major disaster may be credited toward the non-Federal share of grant costs under the PA program. Donated resources may include volunteer labor, donated equipment and donated materials.

A. Donated resources are eligible to offset the non-Federal share of eligible Categories A and B costs if they meet the following criteria:

1. The donated resources must be documented by a local public official or a person designated by a local public official. The documentation must include a record of hours worked, the work site, and a description of work for each volunteer, and equivalent information for equipment and materials. Regional Administrators may establish alternate documentation requirements when required by an extraordinarily demanding situation.

2. The donated resources must apply to emergency work that has been organized by an eligible applicant and is eligible under the PA program. Examples include, but are not limited to:

a. Removing eligible debris.

- b. Filling and placing sandbags.
 - c. Donating equipment to raise or reinforce a levee.
 - d. Donating materials, such as rocks or sand.
 - e. Search and rescue when part of an organized search and rescue operation.
 - f. Professional safety inspections.
 - g. Mass care and sheltering for disaster survivors.
3. The donated resources must be documented on one or more Project Worksheets (PWs).

B. Value of Resources. 44 CFR 13.24, **Matching or cost sharing**, addresses how donated resources are to be valued. The following instructions are based on that part of the CFR:

1. Volunteer Labor: The value of volunteer labor is discussed in 44 CFR 13.24 (c) (1), **Matching or cost sharing**. *Valuation of donated services*. The rate placed on volunteer labor should be the same rate (plus reasonable fringe benefits) ordinarily paid for similar work within the applicant's organization. Premium rates will not be used. If the applicant does not have employees performing similar work, the rate should be consistent with those ordinarily performing the work in the same labor market. To determine the value of volunteer labor, the labor rate should be multiplied by the total number of volunteer labor hours. Credit may be given for volunteer labor in any field reasonably required for emergency work, including the work of volunteer equipment operators.
2. Donated Equipment: To determine the value of donated equipment, determine the number of hours that each piece of donated equipment was used and multiply it by the applicant's or FEMA's Equipment Rate, be claimed as a donation for credit under this policy unless it is included in a reimbursed equipment rate.
3. Donated Materials: Only materials donated by third party entities are eligible for credit. Typical donated materials include sand, dirt, and rocks, and other materials associated with flood-fighting activities. To determine the value of donated materials, use the current commercial rate for such material based on previous purchases or information available from vendors. Materials donated from other Federal agencies may not be included.

C. Calculations. The following guidance is to be used for calculation purposes:

1. "Total project cost" means the out-of-pocket costs (labor, materials, and contracts) plus the value of donated resources (limited to the maximum credit allowed, as defined in the next paragraph).
2. The maximum credit allowed for donated resources is calculated by dividing the non-Federal cost share percentage by the Federal cost share percentage (e.g., 25%/75% = .333 and

10%/90% = .111) and multiplying that factor by the out-of-pocket expenses for a particular PW or multiple PWs. When multiple PWs are going to be used for emergency work, the donations credit (with documentation listing each applicable emergency work PW) may be placed on one "credit" PW after all emergency work is completed.

3. The documented donations credit (not to exceed the maximum credit allowed for donation) is to be entered on the PW as a line item of the project cost. Any excess credit may be distributed to other emergency work PWs, and may not exceed the maximum allowable credit for each PW.

D. Limitations.

1. The donations credit is capped at the non-Federal share of emergency work (Category A and Category B) so that the Federal share will not exceed the actual out-of-pocket cost. Any excess credit can be credited only to other emergency work for the same applicant in the same disaster. The value of excess donated resources cannot be credited toward another applicant, toward other State obligations, or toward permanent work.

2. A State may claim credit for the value of donated resources only according to the disaster cost-share agreement for the non-Federal share of cost for the eligible work. Credit for donated resources may not be applied to any work performed during a 100% Federally-funded period because the non-Federal share for that period would be zero.

3. Reasonable logistical support for volunteers doing eligible work may be considered an eligible cost or donations credit by the Regional Administrator.

4. Donated resources submitted for credit toward the non-Federal share may not be from another Federal grant or from other Federally funded sources.

VI. RESPONSIBLE OFFICE: Recovery Directorate, Public Assistance Program.

VII. SUPERSESSION: For all disasters declared after the date of issuance in Paragraph II, this policy supersedes DAP 9525.2, *Donated Resources* dated April 9, 2007, and all previous guidance on this subject.

VIII. REVIEW DATE: It is FEMA's policy to review policies and reissue, revise or rescind the policy within three years of the date of issuance.

____//signed//_____

Deborah Ingram
Assistant Administrator
Recovery Directorate

APPENDIX H
MUTUAL AID
FEMA Policy 9523.6

I. TITLE: Mutual Aid Agreements for Public Assistance and Fire Management Assistance

II. DATE OF ISSUANCE: November 10, 2012

III. PURPOSE: This policy specifies criteria by which the Federal Emergency Management Agency (FEMA) will recognize the eligibility of costs under the Public Assistance Program and the Fire Management Assistance Grant (FMAG) Program incurred through mutual aid agreements between applicants and other entities.

IV. SCOPE AND EXTERNAL AUDIENCE: This policy applies to all emergencies and major disasters declared on or after October 27, 2012. It will continue in effect until three years after its date of issuance. If rescinded or superseded, this policy will continue to apply to all emergencies and major disasters declared between the date in Paragraph II and the date it is rescinded or superseded. The policy is intended for all personnel involved in the administration of the Public Assistance Program.

V. AUTHORITY: This policy applies to emergency and permanent work authorized under Sections 403, 406, 407, 420, and 502, of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5121-5206, and the implementing regulations of Title 44 Code of Federal Regulations (44 CFR) §204 and §206.

VI. OBJECTIVES:

A. The objective of this policy is to reimburse eligible applicants for work performed by other entities through mutual aid agreements. Eligible expenses must be directly related to a Presidentially-declared major disaster, emergency or fire; incurred in the performance of eligible work; and reasonable. Reimbursement will be at the Federal cost share rate established in the Presidential declaration, which is generally 75 percent.

B. There are three types of mutual aid work eligible for FEMA assistance (subject to the eligibility requirements of the respective PA and FMAG programs):

1. Emergency Work - Mutual aid work provided in the performance of emergency work necessary to meet immediate threats to life, public safety, and improved property, including firefighting activities under the FMAG program;

2. Permanent Work - Work that is of a permanent nature but is necessary for the emergency restoration of utilities (Category F). For example, work performed to restore electrical and other power.

3. Grant Management Work - For PA only, work associated with the performance of the Grantee's responsibilities as the grant administrator, as outlined in 44 CFR §206.202(b). Use of EMAC-provided assistance to perform these tasks is eligible mutual aid work.

C. This policy is applicable to all forms of mutual aid assistance, including agreements between *Requesting and Providing Entities*, statewide mutual aid agreements, and the mutual aid services provided under the EMAC. (See Paragraph VIII below for definition of italicized terms).

D. FEMA encourages parties to have written mutual aid agreements in place prior to a declared fire, emergency, or major disaster.

VII. DEFINITIONS:

1. *Backfill*. Replacement personnel who perform the regular duties of other personnel while they are performing eligible work under the PA or FMAG programs.

2. *Declared Emergency or Major Disaster*. An *emergency* or *major disaster* as defined at 44 CFR §206.2 (a)(9) and (17) respectively.

3. *Declared Fire*. An uncontrolled fire or fire complex, threatening such destruction as would constitute a major disaster for which the Regional Administrator has approved a declaration in accordance with the criteria listed in 44 CFR § 204.21.

4. *Emergency Management Assistance Compact (EMAC)*. This type of interstate mutual aid agreement allows states to assist one another in responding to all kinds of natural and man-made disasters. It is administered by the National Emergency Management Association (NEMA).

5. *Incident Commander*. The ranking official responsible for overseeing the management of emergency or fire operations, planning, logistics, and finances of the field response.

6. *Providing Entity*. The entity providing mutual aid assistance to a Requesting Entity pursuant to a local or statewide mutual aid agreement.

7. *Requesting Entity*. An entity (PA eligible applicant) that requests mutual aid assistance from a Providing Entity for work resulting from a declared fire, emergency or major disaster within its legal jurisdiction. The requesting entity is eligible to receive FEMA assistance for the eligible mutual aid activities from the providing entities.

8. *Intra-state Mutual Aid*. Mutual Aid that supports local and regional mutual aid efforts within a State as well as regional mutual aid agreements and compacts involving local jurisdictions that cross State boundaries, or are adjacent to neighboring State (i.e., Kansas City, Kansas/Kansas City, Missouri, etc.).

9. *Inter-state Mutual Aid*. Mutual Aid that supports national mutual aid efforts requested directly between two or more States or territories through established Multi-agency Coordination Systems as directed by approved mutual aid agreements or compacts (i.e., EMAC), etc.

VIII. POLICY:

A. General.

1. To be eligible for reimbursement by FEMA, the mutual aid assistance should be requested by a Requesting Entity or Incident Commander; be directly related to a Presidentially-declared emergency or major disaster, or a declared fire; used in the performance of eligible work; and the costs must be reasonable.
2. FEMA will not reimburse costs incurred by entities that “self-deploy” (deploy without a request for mutual aid assistance by a Requesting Entity) except to the extent those resources are subsequently used in the performance of eligible work at the request of the Requesting Entity or Incident Commander.
3. The reimbursement provisions of a mutual aid agreement must not be contingent on a declaration of an emergency, major disaster, or fire by the Federal government.
4. This policy is applicable to all forms of mutual aid assistance, including agreements between Requesting and Providing Entities, statewide mutual aid agreements, and the mutual aid services provided under the EMAC.
5. Reimbursement will be at the Federal cost share rate established in the Presidential declaration, which is generally 75 percent.

B. Pre-Event Written Mutual Aid Agreements.

FEMA recognizes mutual aid agreements between Requesting and Providing Entities, and statewide mutual aid agreements wherein the State is responsible for administering the claims for reimbursement of Providing Entities. In addition, FEMA recognizes the standard EMAC agreement as a valid form of mutual aid agreement between member states.

1. FEMA encourages parties to have written mutual aid agreements in place prior to a declared fire, emergency, or major disaster.
 - a. When a pre-event written agreement exists between a Requesting Entity and a Providing Entity, the Providing Entity may be reimbursed through the Requesting Entity. In these circumstances, the Requesting Entity should claim the eligible costs of the Providing Entity, pursuant to the terms and conditions of the mutual aid agreement and the requirements of this policy, on its subgrant application, and agree to disburse the Federal share of funds to the Providing Entity.
 - b. When a statewide pre-event mutual aid agreement exists that designates the State responsible for administering the reimbursement of mutual aid costs, a Providing Entity may apply, with

the prior consent of the Requesting Entity, for reimbursement directly to the Grantee, in accordance with applicable State law and procedure. In such cases the Providing Entity should obtain from the Requesting Entity the certification required in section E.3. of this policy and provide it to the State as part of its reimbursement request.

2. FEMA encourages parties to address the subject of reimbursement in their written mutual aid agreements. FEMA will honor the reimbursement provisions in a pre-event agreement to the extent they meet the requirements of this policy.

a. When a pre-event agreement provides for reimbursement, but also provides for an initial period of unpaid assistance, FEMA will pay the eligible costs of assistance after such initial unpaid period.

b. When a pre-event agreement specifies that no reimbursement will be provided for mutual aid assistance, FEMA will not pay for the costs of assistance.

C. Post-Event Mutual Aid Agreements.

1. When the parties do not have a pre-event written mutual aid agreement, or where a written pre-event agreement is silent on reimbursement, the Requesting and Providing Entities may verbally agree on the type and extent of mutual aid resources to be provided in the current event, and on the terms, conditions, and costs of such assistance.

2. Post-event verbal agreements must subsequently be documented in writing and executed by an official of each entity with authority to request and provide assistance, and provided to FEMA as a condition of receiving reimbursement. The agreement should be consistent with past practices for mutual-aid between the parties. A written post-event agreement should be submitted within 30 days of the Requesting Entity's Applicant's Briefing to the Regional Administrator for review and approval.

D. Force Account Labor Costs.

1. The straight- or regular-time wages or salaries of a Requesting Entity's permanently employed personnel performing or supervising emergency work are not eligible costs, other than any relevant exceptions in accordance with 44 CFR §206.228(a)(2)(ii) **Allowable costs**, *Force Account Labor Costs* and §204.43(c), even when such personnel are reassigned or relocated from their usual work location to provide assistance during an emergency. Overtime costs for such personnel are eligible and may be submitted as part of a subgrant application.

2. The costs for contract labor or temporary hires performing eligible work are eligible for reimbursement. However, straight- or regular time salaries and benefits of force account labor overseeing contractors performing emergency work are not eligible in calculating the cost of eligible emergency work, other than any relevant exceptions in accordance with 44 CFR §206.228(a)(2)(ii) **Allowable costs**, *Force Account Labor Costs*. The force account labor of a

Providing Entity will be treated as contract labor, with regular- time and overtime wages and benefits eligible for reimbursement, provided labor rates are reasonable. When the Requesting Entity is the State or local government, the force account labor costs of the Providing Entity will not be treated as contract labor if the force account labor is employed by a governmental subdivision (such as an agency) within that Requesting Entity.

3. In circumstances where a Providing Entity is also an eligible applicant in its own right, the determination of eligible and ineligible costs will depend on the capacity in which the entity is incurring costs. As stated in paragraphs D.1. and D.2., an applicant's straight-time wages are not eligible costs when the applicant is using its permanently employed personnel for emergency work in its own jurisdiction, other than any relevant exceptions in accordance with 44 CFR §206.228(a)(2)(ii) **Allowable costs**, *Force Account Labor Costs*.

4. Requesting and Providing Entities may not mutually deploy their labor forces to assist each other so as to circumvent the limitations of paragraph D.1 or D.2. of this policy.

5. The straight- or regular-time wages or salaries for backfill personnel incurred by Providing Entities are not eligible for reimbursement. However, the overtime portion of the replacement personnel's salary is considered an additional cost of deploying personnel who perform eligible work and is eligible for reimbursement under this policy.

E. Types of Mutual Aid Work.

There are three types of mutual aid work that may be eligible for FEMA assistance: Emergency Work, Permanent Work, and Grant Management Work. All are subject to the eligibility requirements of the respective PA and FMAG programs:

1. Emergency Work. Mutual aid work provided in the performance of emergency work necessary to meet immediate threats to life, public safety, and improved property, including firefighting activities under the FMAG program, is eligible.

a. Examples of eligible emergency work include: i. Search and rescue, sandbagging, emergency medical care, debris removal;

ii. Reasonable supervision and administration in the receiving jurisdiction that is directly related to eligible emergency work;

iii. The cost of transporting equipment and personnel by the Providing Entity to the incident site, subject to the requirements of paragraphs A.1., 2., and 3. of this policy;

iv. Costs incurred in the operation of the Incident Command System (ICS), such as operations, planning, logistics and administration, provided such costs are directly related to the performance of eligible work on the disaster or fire to which such resources are assigned;

v. State Emergency Operations Center or Joint Field Office assistance in the receiving State to support emergency assistance;

- vi. Assistance at the National Response Coordination Center (NRCC), and Regional Response Coordination Center (RRCC), if requested by FEMA (labor, per diem and transportation);
- vii. Dispatch operations in the receiving State;
- viii. Donations warehousing and management (eligible only upon approval of the Assistant Administrator of the Recovery Directorate);
- ix. Firefighting activities; and,
- x. Dissemination of public information authorized under Section 403 of the Act.

b. Examples of mutual aid work that are not eligible, include: i. Training, exercises, on-the-job training;

- ii. Long-term recovery and mitigation consultation;
- iii. Costs outside the receiving State that are associated with the operations of the EMAC system (except for FEMA facilities noted in paragraph E.1.a.v. and vi. above);
- iv. Costs for staff performing work that is not eligible under the PA or the FMAG programs;
- v. Costs of preparing to deploy or “standing-by” [except to the extent allowed in the FMAG program pursuant to 44 CFR §204.42(e)];
- vi. Dispatch operations outside the receiving State;
- vii. Tracking of EMAC and U.S. Forest Service I-Suite/Incident Cost Accounting and Reporting System (ICARS) resources; and
- viii. Situation reporting not associated with ICS operations under VIII.E.1.a.iv.

2. Permanent Work. Work that is of a permanent nature but is necessary for the emergency restoration of utilities (Category F). For example, work performed to restore electrical and other power.

3. Grant Management Work. For PA only, work associated with the performance of the Grantee’s responsibilities as the grant administrator, as outlined in 44 CFR §206.202(b). Use of EMAC-provided assistance to perform these tasks is eligible mutual aid work.

F. Eligible Applicants.

1. Only Requesting Entities are eligible applicants for FEMA assistance. With the exception of F.2., below, a Providing Entity must submit its claim for reimbursement to a Requesting Entity

2. States may be eligible applicants when statewide mutual aid agreements or compacts authorize the State to administer the costs of mutual aid assistance on behalf of local jurisdictions.

G. Reimbursement of Mutual Aid Costs.

1. The State or Requesting Entities, as appropriate, must provide an executive summary of the services requested and received and the associated costs (i.e., labor, equipment, materials, etc.). Both Requesting and Providing Entities must keep detailed records of the services requested and received, and maintain those records for at least three years after project closeout. FEMA may review a sample of project costs, and reserves the right to review all documentation if it deems necessary. All documentation must be provided to FEMA upon request. Undocumented costs may be subject to deobligation.

2. A request for reimbursement of mutual aid costs must include a copy of the mutual aid agreement – whether pre- or post-event – between the Requesting and Providing Entities.

3. A request for reimbursement of mutual aid costs should include a written and signed certification by the Requesting Entity certifying:

- a. The types and extent of mutual aid assistance requested and received in the performance of eligible work;
- b. The labor and equipment rates used to determine the mutual aid cost reimbursement request; and
- c. That all work performed was eligible under the Stafford Act and applicable FEMA regulations and policies.

4. FEMA will not reimburse the value of volunteer labor or the value of paid labor that is provided at no cost to the applicant. However:

- a. To the extent the Providing Entity is staffed with volunteer labor, the value of the volunteer labor may be credited to the non-Federal cost share of the Requesting Entity's emergency work in accordance with the provisions of Recovery Policy 9525.2, *Donated Resources*.

- b. If a mutual aid agreement provides for an initial period of unpaid assistance or provides for assistance at no cost to the Requesting Entity, the value of the assistance provided at no cost to the Requesting Entity may be credited to the

non-Federal cost share of the Requesting Entity's emergency work under the provisions of Recovery Policy 9525.2, *Donated Resources*.

5. For PA only, reimbursement for equipment provided to a Requesting Entity will be based on FEMA equipment rates, approved State rates or, in the absence of such standard rates, on rates deemed reasonable by FEMA. Equipment used can be reimbursed as outlined in the terms of the agreement or for hours utilized/in performance of eligible work.

6. For PA only, reimbursement for damage to equipment used in emergency operations will be based on Recovery Policy 9525.8, *Damage to Applicant Owned Equipment*.

7. For PA only, reimbursement for equipment purchased by a subgrantee to support emergency operations will be based on Recovery Policy 9525.12, *Disposition of Equipment, Supplies, and Salvaged Materials*.

8. For FMAG only, reimbursement for equipment provided to a Requesting Entity will be based on 44 CFR § 204.42 (b)(3) and (4).

9. For FMAG only, reimbursement or replacement of equipment damaged or destroyed in the course of eligible firefighting activities will be based on 44 CFR § 204.42 (b)(5), and (6).

IX. RESPONSIBLE OFFICE: Recovery Directorate (Public Assistance Division).

X. SUPERSESSION: For all disasters declared on or after October 27, 2012, this policy supersedes DAP9523.6, Mutual Aid Agreements for Public Assistance and Fire Management Assistance, dated August 13, 2007, and all previous guidance on this subject.

XI. REVIEW DATE: This policy expires three years from the date of issuance.
